## More Classic Connolly:

Billy Connolly Billy Connolly, Random House, 1994-10-01     Beyond Dogmatism and Innocence Anthony J. Godzieba, Bradford E. Hinze, 2017 Behind every important development in Catholic doctrine and practice since the beginning of the modern period have been debates about the interpretation of Christianity's classic texts and traditions and their ideological and practical implications. Over the past century there have been breakthroughs in retrieving the origins of beliefs and practices, recovering the rich myriad and multifaceted literary forms and recognizing the ways these venerable traditions have been received, applied and negotiated in the lives of reading audiences with their contrasting worldviews. The essays in this volume by leading figures in Catholic theology suggest what might be called a third naivete that blends deeply contextual interpretations with a critical theological analysis of the roles of power and grace in church and society. The abilities and skills to grapple with basic issues in hermeneutics and critical theory remain necessary and fundamental for Catholic theology. At stake is nothing less than how the good news of God's salvation can be grasped and lived today. This volume provides a trustworthy map and compass for negotiating these debates and options. Contributors include Sandra M. Schneiders, Francis Schussler Fiorenza, Robert J. Schreiter, John E. Thiel, Dominic Doyle, Fernando F. Segovia, Andrew Prevot, Ormond Rush, Judith Gruber, Susan Abraham, Anthony J. Godzieba and Bradford E. Hinze.     **Mobilising Classics** Fiona Dukelow, Orla O'Donovan, 2013-01-18 The terms patriarchy, institutional racism, sustainable development and alienation may be familiar but this familiarity is often removed from the analytical contexts in which these ideas emerged. This book provides a series of rich reflections on the interaction between the radical ideas associated with these and other authors and political action in Ireland. The classic texts that comprise the focal point for each chapter were selected by the contributors, many of whom straddle the boundaries of academia and activism. Each essay provides an account of the contributor's personal encounters with the text, opens up the key mobilising ideas and considers how the text has the potential to invigorate the political imagination of contemporary oppositional politics. This book will be of interest to students in the social sciences, especially sociology and Irish studies, and will appeal to those interested or involved in political activism of any variety.
