## More Grimm Tales:

**A Student's Guide to AS Drama and Theatre Studies for the Edexcel Specification** Nigel Williams,Marcus Harvey,2004-09    **More Grimm Tales** Carol Ann Duffy,1997    **Grimms' Tales around the Globe** Vanessa Joosen,2014-06-16 Grimm's fairy tales are among the best known stories in the world but the way they have been introduced into and interpreted by cultures across the globe has varied enormously. In Grimm's Tales around the Globe editors Vanessa Joosen and Gillian Lathey bring together scholars from Asia, Europe and North and Latin America to investigate the international reception of the Grimm's tales. The essays in this volume offer insights into the social and literary role of the tales in a number of countries and languages, finding aspects that are internationally constant as well as locally particular. In the first section Cultural Resistance and Assimilation contributors consider the global history of the reception of the Grimm's tales in a range of cultures. In these eight chapters scholars explore how cunning translators and daring publishers around the world reshaped and rewrote the tales incorporating them into existing fairy tale traditions, inspiring new writings and often introducing new uncertainties of meaning into the already ambiguous stories. Contributors in the second part Reframings, Paratexts and Multimedia Translations shed light on how the Grimm's tales were affected by intermedial adaptation when traveling abroad. These six chapters focus on illustrations, manga and film and television adaptations. In all contributors take a wide view of the tales' history in a range of locales including Poland, China, Croatia, India, Japan and France. Grimm's Tales around the Globe shows that the tales with their paradox between the universal and the local and their long and world spanning translation history form a unique and exciting corpus for the study of reception. Fairy tale and folklore scholars as well as readers interested in literary history and translation will appreciate this enlightening volume.    **Grimm Legacies** Jack Zipes,2016-08-02 In Grimm Legacies esteemed literary scholar Jack Zipes explores the legacy of the Brothers Grimm in Europe and North America from the nineteenth century to the present. Zipes reveals how the Grimm's came to play a pivotal and unusual role in the evolution of Western folklore and in the history of the most significant cultural genre in the world, the fairy tale. Folklorists Jacob and Wilhelm Grimm sought to discover and preserve a rich abundance of stories emanating from an oral tradition and encouraged friends, colleagues and strangers to gather and share these tales. As a result, hundreds of thousands of wonderful folk and fairy tales poured into books throughout Europe and have kept coming. Zipes looks at the transformation of the Grimm's tales into children's literature, the Americanization of the tales, the Grimm aspects of contemporary tales and the tales' utopian impulses. He shows that the Grimm's were not the first scholars to turn their attention to folk tales but were vital in expanding readership and setting the high standards for folk tale collecting that continue through the current era. Zipes concludes with a look at contemporary adaptations of the tales and raises questions about authenticity, target audience and consumerism. With erudition and verve, Grimm Legacies examines the lasting universal influence of two brothers and their collected tales on today's storytelling world.    *The One-Act Play Companion*

Colin Dolley,Rex Walford,2015-01-05 The one act play stands apart as a distinct art form with some well known writers providing specialist material among them Bernard Shaw Tom Stoppard Harold Pinter Caryl Churchill Alan Ayckbourn Edward Albee and Tennessee Williams There are also lesser known writers with plenty of material to offer yet sourcing one act plays to perform is notoriously hard This companion is the first book to survey the work of over 250 playwrights in an illuminating A Z guide Multiple styles nationalities and periods are covered offering a treasure trove of compelling moments of theatre waiting to be discovered Guidance on performing and staging one act plays is also covered as well as essential contact information and where to apply for performance rights A chapter introducing the history of the one act play rounds off the title as a definitive guide

*The Jungle Book* Craig Higginson,Rudyard Kipling,2012-07-31 From a version by Tim Supple From the novel by Rudyard Kipling Mowgli was still a toddler when he was lost in the jungle his parents feeing the tiger Shere Khan There Mowgli was brought up by wolves and educated by the bear Baloo and the panther Bagheera He was happy while growing up and learning the ways of the jungle and his name was soon known amongst all the animals But Mowgli sgrowing fame provoked resentment and envy and his life was soon threatened from all sides First published in the late 1890s Rudyard Kipling s two Jungle Books have enchanted generations of children and adults Often describedas an allegory for the society and politics of the time The Jungle Book has now been adapted by critically acclaimed South African playwright Craig Higginson The play asks Who is your family Those who look the same as you or those who love and nurture you Here the tales become a powerful examination of an emerging democracy and the forces that threaten it Based on a version by the celebrated director Tim Supple this adaptation was first staged at Johannesburg s Market Theatre in 2008 This powerful and magical version of a much loved classic is as resonant now as it was when it first appeared both within South Africa and beyond its borders
