s entertainment industry has developed a platform for mythic ritual After setting the ritualized stage this book turns to the practices in Disneyland proper analyzing the patron s traditions within the framework of the park and beyond It explores Disneyland s spectacles through selected shows and parades and concludes with an exploration of the park s participation in ritual renewal There is much to commend in Koehler s study Surely her work should encourage others to examine myth construction and sacred secular rituals in popular culture H Celebration **Lion and Mouse Stories** Colleen Neuman,1993
