Communicative Figurations Andreas Hepp, Andreas Breiter, Uwe Hasebrink, 2017-11-27 This open access volume assesses the influence of our changing media environment Today there is not one single medium that is the driving force of change With the spread of various technical communication media such as mobile phones and internet platforms we are confronted with a media manifold of deep mediatization But how can we investigate its transformative capability This book answers this question by taking a non media centric perspective researching the various figurations of collectivities and

organizations humans are involved in The first part of the book outlines a fundamental understanding of the changing media environment of deep mediatization and its transformative capacity The second part focuses on collectivities and movements communities in the city critical social movements maker online gaming groups and networked groups of young people The third part moves institutions and organizations into the foreground discussing the transformation of journalism religion politics and education whilst the fourth and final part is dedicated to methodologies and perspectives

History of the German Society of Maryland Louis Paul Hennighausen,1909 **Dörnberg: in the Shadow of the Josefsberg** Henry A.

Fischer,2019-02-19 In the past the steep majestic heavily forested and somewhat impregnable Josefsberg was the lair of robber bands and brigands following the expulsion of the Turks from the area and all of Hungary In the future it would become known as the J szefhegy It is one of the highest elevations in northeastern Somogy County In its lengthening shadow the village of D rnberg would emerge in the early decades of the eighteenth century named as such by its German settlers in reference to the abundance of thorns in its lower regions These first settlers were in large part of Hessian origin having joined the Schwabenzug the Great Swabian migration of the eighteenth century into Hungary at the invitation of the Habsburg emperor Charles VI The fact that they were Lutherans would lead to decades in which they were forced to exist as an underground congregation until the Edict of Toleration was promulgated by the emperor Joseph II in 1782 which led to the naming of the local heights as the Josefsberg in his honor It was sometime later that the county administration renamed the village and it became Somogyd r cske The village would maintain its German character throughout its history until the end of the Second World War when Protocol XIII of the Potsdam Declaration was carried out on April 6 1948 and the vast majority of the village population was expelled along with the German families in its affiliates in Bonnya and Gad cs and sent by cattle car to the then Russian zone of occupation of Germany Those from Szil followed a week later This publication is addressed to the English speaking descendants of those families that immigrated to Canada Australia and the United States prior to the Second World War as well as the families who were successful in escaping from the Russian zone of Germany to the west and were able to find a new home in English speaking countries It provides them with genealogical information about their forebears and additional information regarding their life and history Zwischen Philosophie und Gesetz

Thomas Meyer,2009-03-31 Despite the revival of intellectual history in recent years there is still relatively little research into German Jewish intellectual history between 1933 and 1938 The present work studies for the first time the important discussions of the period from the debate between Leo Strauss and Julius Guttmann Alexander Altmann s contribution to Jewish theology to the reception of the work of Franz Rosenzweig and Martin Heidegger as well as the works of David Baumgardt and Fritz Heinemann Many now forgotten texts of those discussions have been made accessible here All the leading figures presented in this study were sooner or later forced to choose between philosophy and law California.
