ahead Walking into the grassy site contained by the walls of this memorial we can barely make out the carved names upon the memorial s walls These names seemingly infinite in number convey the sense of overwhelming numbers while unifying these individuals into a whole So begins the competition entry submitted in 1981 by a Yale undergraduate for the design of the Vietnam Veterans Memorial in Washington D C subsequently called as moving and awesome and popular a piece of memorial architecture as exists anywhere in the world Its creator Maya Lin has been nothing less than world famous ever since From the explicitly political to the unashamedly literary to the completely abstract her simple and powerful sculpture the Rockefeller Foundation sculpture the Southern Poverty Law Center Civil Rights Memorial the Yale Women s Table Wave Field her architecture including The Museum for African Art and the Norton residence and her protean design talents have defined her as one of the most gifted creative geniuses of the age *Boundaries* is her first book an eloquent visual verbal sketchbook produced with the same inspiration and attention to detail as any of her other artworks Like her environmental sculptures it is a site but one which exists at a remove so that it may comment on the personal and artistic elements that make up those works In it sketches photographs workbook entries and original designs are held together by a deeply personal text *Boundaries* is a powerful literary and visual statement by a leading public artist Holland Carter It is itself a unique work of art **Maya Lin** Amy Stone,2003 Presents the life of the architect sculptor who designed the Vietnam War Memorial *Maya Lin* Maya Ying Lin,Terry R.
