The Maya Matthew Restall, Amara Solari, 2020 The Maya forged the greatest society in the history of the ancient Americas and one of the great societies in human history Long before contact with Europeans Maya communities built spectacular cities created complex agricultural systems mastered the visual arts and developed a sophisticated writing system that recorded extraordinary knowledge in calendrics mathematics and astronomy All that was achieved without area wide centralized control For there was never a single unified Maya state or empire but always numerous evolving ethnic groups speaking dozens of distinct Mayan languages The people we call Maya never thought of themselves as such so what was their self identity and how did Maya civilization come to be invented Yet something definable unique and endlessly fascinating what we call Maya culture has clearly existed for millennia With the Maya subdivided in so many ways geographical linguistic and chronological the pursuit of what made the Maya the Maya is
