The iPhone Book Scott Kelby,Terry White,2012-02-14 If you re looking for a book that focuses on just the most important most useful and most fun stuff about your iPhone 4S iPhone 4 or iPhone 3GS you ve found it There are basically two types of iPhone books out there 1 The tell me all about it kind which includes in depth discussions on everything from wireless network protocols to advanced compression codes 2 Then there s this book which instead is a show me how to do it book that skips all the confusing techno jargon and just tells you in plain simple English exactly how to use the iPhone features you want to use most The iPhone Book is from Scott Kelby the award winning author of the smash bestseller The iPod Book Scott takes that same highly acclaimed casual straight to the point concept and layout and brings it to learning Apple s amazing iPhone Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself simple to use and fun to learn The book s layout is brilliant with each page covering just one single topic so finding the information you need is quick and easy with a large full color photo on each page so you can see exactly how it works The first edition of this book was named Best Computer Book of 2007 and since then Scott and Terry have added even more tips and tricks and made it even easier by focusing on just the most useful and most requested iPhone 4S 4 and 3GS features without all the techno babble so you can start really using your iPhone today

The Business of iPhone App Development Dave Wooldridge,Michael Schneider,2010-08-26 The phenomenal success of the iPhone and the iPod touch has ushered in a gold rush for developers but with well over 100 000 apps in the highly competitive App Store it has become increasingly difficult for new apps to stand out in the crowd Achieving consumer awareness and sales longevity for your iPhone app requires a lot of organization and some strategic planning This book will

show you how to incorporate marketing and business savvy into every aspect of the design and development process giving your app the best possible chance of succeeding in the App Store

The Business of iPhone App Development was written by experienced developers with business backgrounds taking you step by step through cost effective marketing techniques that have proven successful for professional iPhone app creators perfect for independent developers on shoestring budgets

Although there are a few iPhone app marketing books on the horizon they appear to tackle the subject from purely a marketer's perspective What makes this book unique is that it was written by developers for developers showing you not only what to do but also how to do it complete with time saving resources and ready to use code examples No prior business knowledge is required This is the book you wish you had read before you launched your first app
