Ideas Emotional Intelligence:

The Emotional Intelligence Activity Book Adele Lynn, 2001-12-26 We've all heard of IQ but what's EQ? It's Emotional Quotient aka Emotional Intelligence and experts say that EQ is a greater predictor of success at work than IQ. Companies are increasingly looking for ways to motivate and develop their employees' emotional intelligence. This book presents trainers and coaches with 50 innovative exercises to be used for either individuals or groups. The activities found in the book are grouped according to the various core competencies associated with Emotional Intelligence: Self-Awareness and Control (an awareness of one's values, emotions, skills, and drives and the ability to control one's emotional responses); Empathy (an understanding of how others perceive situations); Social Expertness (the ability to build relationships based on an assumption of human equality); Mastery of Vision (the development and communication of a personal philosophy). The book also includes suggested training combinations and coaching tips.

Emotional Intelligence In Action Marcia Hughes, L. Bonita Patterson, James Bradford Terrell, 2011-02-23 Emotional Intelligence in Action shows how to tap the power of EI through forty-six exercises that can be used to build effective emotional skills and create real change. The workouts are designed to align with the four leading emotional intelligence measures: EQ-I or EQ-360, ECI-360, MSCEIT, and EQ-Map or can be used independently or as part of a wider leadership and management development program. All of the book's forty-six exercises offer experiential learning scenarios that have been proven to enhance emotional intelligence competencies.

Using Emotional Intelligence to Become Your Ideal Self Joan Ryan, 2005 Do you wonder how you can improve your professional and personal relationships? Are you curious how emotional intelligence will take you to the next level of greatness? Do you know how to become your ideal self? Using Emotional Intelligence to Become Your Ideal Self offers specific strategies for applying emotional intelligence to your everyday life. These include self-awareness, awareness of others, and relationship management. Utilizing these principles will earn you increased happiness and success in your community, your profession, and your relationships. According to Daniel Goleman, emotional intelligence can predict eighty percent of adult success. The number one question asked in emotional intelligence workshops is "how do I do it?" Author Joan Ryan answers this question as she guides you on the road to becoming your ideal self. Use Ryan's practical and easy tips to discover the moment that will change your life.

Practical Ideas for Emotional Intelligence Jacqui Blades, Adele Clark, 2021-12-24 This book covers a wide range of emotional literacy topics relevant to today's young people and can be used in any setting by learning mentors and other professionals. Each topic includes group and individual session activities, solutions to problems, take-home tasks, and tips for the professional. It can be used when designing and implementing individual behavior plans and helping young people overcome the challenges in life. It is unique in that a professional in any setting can readily adapt the ideas to their requirements. The topics covered are: profiling, changing, behavioral change, self-esteem, bereavement, family change, study skills, stress busting, motivation, self-learning, drug awareness, bullying, school refusal, and frustration. The book contains ideas and suggestions which can be

readily adapted by the professional to best suit their setting It is one of the few resources which cover all aspects of emotional intelligence for all ability groups The Emotional Intelligence Activity Kit Adele B. Lynn,Janele R. Lynn,2015 Imagine what would happen if you could quickly elevate the EQ score of everyone in your organization Profitability retention and customer satisfaction would soar Studies prove that emotional intelligence knowing how to manage emotions empathize build relationships and more drives performance But how do you get naturally resistant people to practice new ways of thinking Trainers coaches and organizational development professionals can now break through and trigger lasting EQ improvements The fifty original activities in The Emotional Intelligence Activity Kit help Promote introspection Increase empathy Improve social skills Boost personal influence Inspire purpose Bring everyone on board Make learning stick From setup instructions to debriefing questions these simple exercises are quick to deploy and target key areas that benefit most from EQ training leadership project management customer service teamwork sales and more Know it all bosses overcompetitive colleagues or leaders who rarely leave their offices common EQ problems such as these damage not just camaraderie but also results Fix them fast and create thriving successful organizations 50 Activities Emotional Intelligence L1 Dianne Schilling,2001-01-01 Research indicates that IQ contributes only about 20 percent to the factors that determine success The other 80 percent of the factors are related to EQ emotional intelligence Emotional intelligence impacts every area of life health learning behavior and relationships Teaching children and youth to understand manage and productively express their emotional intelligence pays big dividends in all areas of their lives and yours In response to the growing EQ movement these activity guides have been developed based on the ground breaking brain and behavioral research on emotional intelligence The result is a complete emotional literacy program Each book contains a comprehensive overview of emotional intelligence theory what it is why it has become such a hot topic in education and its scientific basis in brain research plus concrete suggestions for schooling the emotions Each unit includes a thematic overview stimulating age appropriate activities and lively discussion topics **50 Activities Emotional Intelligence L1** Dianne Schilling,1996-01-01 Instructional units address self awareness managing feelings decision making managing stress personal responsibility self concept empathy communications group dynamics and conflict resolution Emotional Intelligence for Kids Samantha Wiggins,2012-04-10 Emotional intelligence is the safest most effective mean to live a successful life Therefore as a parent or teacher you always need to be interested in improving emotional intelligence in your child Unfortunately this vital part of every child s education is often ignored by common schooling methods You can start by searching for the emotional intelligence definition but most often than not it won t be the answer you need You first need to understand all the principles behind it and then figure out what is emotional intelligence That is why the author starts by detailing emotions and how feelings affect our lives constantly This emotional intelligence book aims to supplement the standard education received by your kid or student by raising awareness about various methods and practices These approaches have been developed during

the author's experience in the educational system and through thorough research in the field of child and group psychology Emotional Intelligence for Kids is structured in ten chapters which have been designed in such way that they could provide intensive and pertinent emotional intelligence training for your kid These chapters will help parents and teachers in achieving a more unconventional educational method focused on exposing children to activities that encourage the expression of emotions It will teach you how to develop emotional intelligence in your kids while providing a solid emotional intelligence appraisal Social skills contribute substantially to an efficient adaptation and integration in the environment we live in Through interactions with others we achieve individual goals We reach them not only through pure cognitive thought but also through emotions through human relationships that push us forward Without emotions and relationships our lives are meaningless Emotional intelligence in the workplace is also vital for your professional career Thus a child's ability to develop relationships with other children until the age of 6 years and above is often more important than having a high IQ Some kids bloom late and some early their cognitive processes start to kick in at different stages in life Developing Emotional intelligence is something that kids must practice starting kindergarten The process of developing social and emotional skills begins as early as the first years of life which is why the quality of interactions with others is crucial You won't find an emotional intelligence test or an emotional intelligence quiz here but rather a collection of emotional intelligence activities described in detail with clear objectives and instructions These activities will be your homework as a parent or tutor something to work on with your child during his learning It is the best emotional intelligence assessment you can make by practicing these activities with your young ones and guiding their reactions and providing constant feedback to them
