Quick Start Romantasy Saga:

The Series Blueprint Heather Cardona, 2026-01-06 Plotting a series isn't just plotting one book repeatedly. It's a different creature entirely. If a standalone novel is a sprint, a series is a marathon, one with shifting terrain, expanding casts, escalating stakes, and the constant fear that you've written yourself into a corner. By Book Three, **The Series Blueprint** is your long-range guide to building a series that actually works from the first book to the final payoff. This isn't a book of rigid formulas or paint-by-numbers outlines. It's a strategic framework for thinking like a series writer, planning with intention, pacing with purpose, and designing stories that grow instead of collapse under their own weight. Inside, you'll learn how to Design a series with a clear destination before plot drift takes over. Choose the right series structure for your genre, audience, and goals. Build book-level arcs that serve a bigger, long-form story. Decide between saga, episodic, or hybrid models with confidence. Track character growth, worldbuilding, and continuity without overwhelming. Balance creativity with strategy without killing your spark. Finish a series feeling proud instead of burned out. Whether you're planning your first series halfway through a tangled one or staring at a world that no longer makes sense, **The Series Blueprint** meets you where you are. Because a series isn't just multiple books. It's one long story told in deliberate stages. Plot it like one, and your future self will thank you. Probably with coffee.

Kira knows they're keeping secrets, but when she discovers Tristan's lust for blood and her own dormant, mystical powers, Kira is forced to fight for her life and make the heartbreakingly difficult decision between the familiar comfort of friendship and the fiery passion of love. **MIDNIGHT ICE** All vampire thief Pandora Scott wants to do is put her old life behind her. That's a lot easier said than done when a supernaturally enhanced tracker who also happens to be her ex-boyfriend is determined to hunt her down. After four years of running, she's finally been caught, and that's not even the worst part. When her latest heist goes south, the head vampire of New York lays a price on her head for snatching a prized possession from his personal vault. Now she has two choices: rely on Jax, the boy who broke her heart, or accept help from Sam, a mysterious vampire who knows more than he's letting on. Naturally, she goes with secret option number three: run like hell.
