## **Masud Khan:**

**False Self** Linda Hopkins, 2018-04-24 In this book clinical psychologist Linda Hopkins offers a balanced view of Masud Khan's rich and extremely problematic life presenting transcripts of interviews with analysands and supervisees who describe Khan's clinical work     Hidden Selves Masud Khan, 1989 The hidden selves that Masud Khan reveals to us in this third volume of his psychoanalytic writings are to be understood in two ways Primarily they are those aspects of the self which are inherent in but unsuspected by the individual concerned and which need to be identified if that individual is to achieve a full and healthy self awareness More broadly they are the ingredients of human nature which may not be evident on the surface but which can be brought out through literature or art for example or through the insights gained in psychoanalysis In analysis and over a period of time both analyst and patient discover parts of their personality that were unknown to each other at the start The person is not just a single self but a collage of hidden selves and one of the goals of psychoanalysis is to find out how this collage functions for the individual concerned whether through symptomatology or through introspection     *Speak of Me As I Am* Judy Cooper, 2018-04-19 This book unravels the many enigmas and perplexities of Masud Khan's intriguing personality It is a work of exquisite scholarship based on careful scrutiny of unpublished documents and extensive interviews with those who knew Khan intimately     *The Work Books of Masud Khan* Linda Hopkins, 2021-01-03     Masud Khan Roger Willoughby, 2005 Masud Khan was one of the most prolific charismatic and controversial psychoanalysts of the twentieth century In this new biography Willoughby psychology U of Essex U K draws upon official documents public accounts private correspondence and interviews with Khan's relatives friends and colleagues Charting the Prince Doctor's personal and intellectual history the author examines his childhood in India his psychoanalytic training in post war London his rise to international prominence and his last years of scandal depression and terminal illness The biographical discussion is illuminated by Willoughby's analysis of Khan's prolific psychoanalytic output Supplementary materials comprise a list of International Psychoanalytical Library volumes under Khan's directorship the text of Khan's self composed fictional obituary and a bibliography of work by or relating to Khan both in print and unpublished The book includes b w photos of Khan and his contemporaries Distributed in the US by ISBS Annotation 2004 Book News Inc Portland OR booknews com     Hidden Histories of British Psychoanalysis Brett Kahr, 2023-10-12 In this compellingly written and meticulously researched new book Professor Brett Kahr draws upon extensive unpublished archival sources and upon his four decades of oral history interviews to paint fascinating portraits of many of the icons of mental health Unearthing Freud's Death Bed and Laing's Missing Tooth *Hidden Histories of British Psychoanalysis* includes detailed accounts of Kahr's interviews with such noted figures as Enid Balint Marion Milner Ronald Laing John Bowlby and his wife Ursula Longstaff Bowlby as well as numerous members of Donald Winnicott's family Framed as a series of glimpses into the early history of British psychoanalysis Kahr explores how the German speaking Sigmund Freud learned how to psychoanalyse English

speaking patients how Enid Eichholz the future wife of Michael Balint pioneered couple psychoanalysis in the wake of the Second World War how Donald Winnicott treated The Piggie in the midst of his own health crises and how Masud Khan degenerated from a clinical sage into an anti Semite A breathtaking combination of interviews reminiscences and well documented scholarship this book provides a gripping overview of many of the key figures in British psychoanalysis all of whom made unparalleled contributions to the mental health profession and whose lives and careers deserve to be visited and revisited **The Privacy of the Self** Masud Khan,1996 The Privacy of the Self was the first collection of papers showing the development of the author s thinking over twenty five years of clinical work He was nurtured in the tradition of Anna Freud John Rickman and D W Winnicott but his contribution to psychoanalytic literature was a distinctive and personal one What emerges from this book is the natural and private crystallization of his experiences with his patients and teachers As he says in his preface Psychoanalysis is an extremely private discipline of sensibility and skill The practice of psychoanalysis multiplies this privacy into a specialized relationship between two persons who through the very nature of their exclusivity with each other change each other The first thing I wish to say about my work reported in these papers is that my patients have helped me become and personalize my potential of thought affectivity and effort into a way of life that I find deeply satisfying **The Long Wait and Other Psychoanalytic Narratives** Mohammed Masud Raza Khan,1989

*Anti-Semitism* Avner Falk,2008-06-30 In the summer of 2006 the author received a message that read Love the Nazis and KILL THE JEWS DEAD And that was the trigger that launched internationally known scholar Falk into work on this book Anti Semitism has once again become a worldwide phenomenon growing largely during the last decade of the 20th century and the early years of the 21st Among the spurs for this are the migration of Muslim populations and the ongoing Israeli Arab wars In this far reaching and comprehensive volume Falk delves deeply into the current events history and literature on anti Semitism integrating insights from psychology sociology anthropology psychoanalysis and political science The result is an absorbing exploration of one of the oldest scourges of humanity spotlighting the irrational and unconscious causes of anti Semitism In the summer of 2006 the author received a message that read Love the Nazis and KILL THE JEWS DEAD And that was the trigger that launched internationally known scholar Avner Falk into work on this book Anti Semitism has once again become a worldwide phenomenon growing largely during the last decade of the twentieth century and the early years of the twenty first Among the spurs for this are migration of Muslim populations and the ongoing Israeli Arab wars In this far reaching and comprehensive volume Falk delves deeply into the current events history and literature on anti Semitism integrating insights from psychology sociology anthropology psychoanalysis and political science The result is an absorbing exploration of one of the oldest scourges of humanity spotlighting the irrational and unconscious causes of anti Semitism This book also features chapters on the psychodynamics of racism fascism Nazism and the dark tragic and unconscious processes both individual and collective that led to the Shoah Holocaust denial and its psychological motives as well as insights into the

physical and psychological survival strategies of Holocaust survivors are explored in depth There are also chapters on scientific anti-Semitism including eugenics      *Alienation in Perversions* Masud Khan, 2018-03-22 Perversions and borderline states were by accident of fate Masud Khan's chief preoccupation in his clinical work during the last three decades of his life In an earlier volume *The Privacy of the Self* he presented what he called the natural and private crystallization of his experience with his patients and teachers notably in the latter category Anna Freud John Rickman and D W Winnicott In this later book he takes his cue from Freud who as he says diagnosed the sickness of Western Judaeo-Christian cultures in terms of the person alienated from himself Masud Khan's basic argument succinctly stated in his Preface is that the pervert puts an impersonal object between his desire and his accomplice This object can be a stereotype fantasy a gadget or a pornographic image All three alienate the pervert from himself as alas from the object of desire With its wealth of clinical and theoretical insights Masud Khan's *Alienation in Perversions* makes a major contribution to our understanding of perversion formation
