Material Culture In Eretz Israel During The Talmudic Period:

Jews and Judaism in the Rabbinic Era Isaiah Gafni, 2019-01-04 This collection of essays by Isaiah M Gafni reflects over forty years of research on central issues of Jewish history in one of its formative eras Questions relating to representations of the past beginning with Josephus but primarily in rabbinic and post rabbinic literature represent an axial theme in this volume Throughout the collection the author addresses the tension between realities on the ground and the historiography that shaped the image of that reality for all subsequent generations Two specific clusters of studies analyze the emergence and development of the Babylonian rabbinic community as well as the complex relationship between the Judaeen centre and the Jewish diaspora in Late Antiquity A final selection of essays examines the impact of modern ideologies and revised methods of research on the image of Jewish life and rabbinic leadership in late antique Judaism

Art and Judaism in the Greco-Roman World Steven Fine, 2005-06-08 Publisher Description [Saints and Role Models in Judaism and Christianity](#) Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more

Jews and Christians in the First and Second Centuries: Mapping the Second Century, 2024-09-16 The second century is a crucial period for the formation of both Judaism and Christianity but remains in important ways terra incognita This volume brings together specialists in Jewish studies and Christian studies two closely related disciplines that nonetheless continue to operate in relative isolation Taking into consideration the full panoply of Jewish and Christian identities the volume proposes fresh ways to map the interrelated histories of Jews and Christians Contributions by leading scholars offer new insights into this period informed by a rich variety of perspectives including theoretical literary thematic and material approaches

A Dictionary of Jewish Babylonian Aramaic of the Talmudic and Geonic Periods Michael Sokoloff, 2002 The first new dictionary of Jewish Babylonian Aramaic in a century this towering scholarly achievement provides a complete lexicon of the entire vocabulary used in both literary and epigraphic sources from the Jewish community in Babylon from the third century C E to the twelfth century Author Michael Sokoloff's primary source is of course the Babylonian Talmud one of the most important and influential works in Jewish literature Unlike the authors of previous dictionaries of this dialect however he also uses a variety of other sources from inscriptions and legal documents to

other rabbinical literature A Dictionary of Jewish Babylonian Aramaic also differs from earlier lexographic efforts in its focus on a single dialect Previous dictionaries have been composite works containing various Aramaic dialects from different periods blurring distinctions in meaning and nuance Sokoloff has been able to draw on the most current linguistic and textual scholarship to ensure the complete accuracy of his lexical entries each of which is divided into six parts lemma or root part of speech English gloss etymology semantic features and bibliographic references Another important feature in this invaluable reference work is its index of all cited passages which allows the reader of a given text to easily find the semantics of a particular word In addition to linguists and specialists in Jewish Aramaic literature lay readers and students will also find this comprehensive up to date dictionary useful for understanding the Babylonian Talmud Amazon com [Talmuda de-Eretz Israel](#) Steven Fine, Aaron Koller, 2014-07-28 Talmuda de Eretz Israel Archaeology and the Rabbis in Late Antique Palestine brings together an international community of historians literature scholars and archaeologists to explore how the integrated study of rabbinic texts and archaeology increases our understanding of both types of evidence and of the complex culture which they together reflect This volume reflects a growing consensus that rabbinic culture was an embodied culture presenting a series of case studies that demonstrate the value of archaeology for the contextualization of rabbinic literature It steers away from later twentieth century trends particularly in North America that stressed disjunction between archaeology and rabbinic literature and seeks a more holistic approach **The Talmud Yerushalmi and Graeco-Roman Culture** Peter Schäfer, Catherine Hezser, 1998 [When and How the Jewish Majority in the Land of Israel Was Eliminated](#) Rivka Shpak Lissak, 2015-10-13 Imperialist Rome employed a policy of colonization and confiscation of Jewish land transferring it to foreigners who immigrated to the Land of Israel and settled there with the support of Roman governments Jewish resistance to Roman policies in the Great Revolt 66-70 and the Bar Kokhba Revolt 132-135 was cruelly suppressed Of a population of nearly 2.5 million Jews in the Land of Israel during the first century CE only 800,000 or so remained by the end of Roman occupation in the fourth century CE The Jewish majority in the Land of Israel was eliminated by war casualties the sale of prisoners of war in Roman slave markets throughout the empire and the flight of Jewish refugees In response to the Jewish resistance to Roman policies the Romans concentrated their attacks on elements central to the Jewish religion destroying the temple in Jerusalem and passing decrees against circumcision and the study of the Torah Renaming Judea as Syria Palaestina aimed to remove any surviving connection to the Jewish nation The Jewish minority in the Land of Israel continued to shrink during the centuries of Byzantine Arab Crusader and Mamluk occupations Jews preferred emigration over conversion [Babylonia Judaica in the Talmudic Period](#) Aharon Oppenheimer, Benjamin H. Isaac, Michael Lecker, 1983 The Jews of ancient Babylonia left their mark on the history on the Jewish people more than those of any other country in the Diaspora During the Sassanian period Babylonia gradually superseded Eretz Israel as the leading Jewish centre The Babylonian Talmud established the way of life not only of the Jews of Babylonia in the period in which it was produced more
