**Volume 2** J. Francis Quigley,2022-08-30 Here it is Project Freeth Volume 2 Not only does this book cover the rest of George Freeth s colorful life but it also reveals some hidden treasures from past articles in both Hawaii and California At various points while I was doing research for Volume 2 the word natation came up which George happened to be a leading authority on during his lifetime The dictionary defines this term as the science of human movement in water Finding this term to be relevant at many levels I ve deemed the third book in this trilogy to be titled Natation Two maps on the book cover represent the plan map 1 and the fruition map 2 in the golden age of Redondo Beach as a city The first map drawn up by California s first state engineer William H Hall was presented to the Dominguez sisters at the sales meeting between them and the Redondo Beach company headed by Danial Freeman Complete story in Project Freeth Volume 1 It s a mystery when the

second map was rendered Even though it s used in the 1913 ad to promote Freeth s swim lessons shown on the cover evidence indicates that the age of this map was already over ten years old by 1913 Wharf 3 is present dating this map after 1903 But the lack of Redondo High School on this map means it was made before 1905 That narrows it down to a workable timeframe
