**Evelyn Brooks Higginbotham**

## **Mastering Slavery Memory Family And Identity In Womens Slave Narratives:**

**Mastering Slavery ,** Mastering Slavery Jennifer Fleischner,1996-07 In Mastering Slavery Fleischner draws upon a range of disciplines including psychoanalysis African American studies literary theory social history and gender studies to analyze how the slave narratives in their engagement with one another and with white women s antislavery fiction yield a far more amplified and complicated notion of familial dynamics and identity than they have generally been thought to reveal Her study exposes the impact of the entangled relations among master mistress slave adults and slave children on the sense of identity of individual slave narrators She explores the ways in which our of the social psychological biological and literary crossings and disruptions slavery engendered these autobiographers created mixed dynamic narrative selves

**Understanding 19th-Century Slave Narratives** Sterling Lecater Bland Jr.,2016-06-13 African American slave narratives of the 19th century recorded the grim realities of the antebellum South they also provide the foundation for this compelling and revealing work on African American history and experiences Naturally it is not possible to really know what being a slave during the antebellum period in America was like without living the experience But students CAN get eye opening insight into what it was like through the gripping stories of bravery courage persistence and resiliency in this collection of annotated slave narratives from the period Each of the collected narratives includes an introduction that provides readers with key historical context on the particular life examined Moreover each narrative is accompanied by annotations that broaden the reader s comprehension of that primary document The primary source documents in this volume tell enthralling stories such as how slave woman Ellen Craft utilized her particularly pale complexion to pose as a free white man overseeing his slaves to free herself and her husband and how Henry Brown successfully shipped himself to freedom in a box measuring scarcely 3 feet by 2 feet by 6 inches deep despite being more than 6 feet tall

**The Oxford Handbook of the African American Slave Narrative** John Ernest,2014-02-28 Given the rise of new interdisciplinary and methodological approaches to African American and Black Atlantic studies The Oxford Handbook of the African American Slave Narrative will offer a fresh wide ranging assessment of this major American literary genre The volume will begin with articles that consider the fundamental concerns of gender sexuality community and the Christian ethos of suffering and redemption that are central to any understanding of slave narratives The chapters that follow will interrogate the various agendas behind the production of both pre and post Emancipation narratives and take up the various interpretive problems they pose Strategic omissions and veiled gestures were often necessary in these life accounts as they revealed disturbing too painful truths far beyond what white audiences were prepared to hear While touching upon the familiar canonical autobiographies of Frederick Douglass and Harriet Jacobs the Handbook will pay more attention to the under studied narratives of Josiah Henson Sojourner Truth William Grimes Henry Box Brown and other often overlooked accounts In addition to the literary autobiographies of bondage the volume will anatomize the powerful WPA recordings of interviews

with former slaves during the late 1930s With essays on the genre s imaginative afterlife its final essays will chart the emergence and development of neoslave narratives most notably in Styron s *The Confessions of Nat Turner* Toni Morrison s *Beloved* and Octavia Butler s provocative science fiction novel *Kindred* In short the Handbook will provide a long overdue assessment of the state of the genre and the vital scholarship that continues to grow around it work that is offering some of the most provocative analysis emerging out of the literary studies discipline as a whole *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

**Authority and the Historical Document in Late Twentieth-Century Literature** Elizabeth Rich, 2021-08-23 After the Fact Authority and the Historical Document in Late Twentieth Century Literature examines historiographic metafiction s epistemological concern with the historical document The six texts herein recover official and neglected documents viewing history from marginal perspectives endeavoring an ethical reconsideration of dominant historical narratives Thematically paired chapters focus on eye witness narratives legal and official government documents and news publications The first two chapters D M Thomas *The White Hotel* with Toni Morrison s *Beloved* explore the writers reconsideration of eye witness accounts specifically the Holocaust survivor narrative and the slave narrative The second pair reviews mythologies of the nation in the United States Susan Howe s *Singularities* rewrites the Indian captivity narrative Hannah Weiner s *Spoke* revises the 1868 Black Hills treaty to focus on how popular and official texts promote the colonial imaginary and function to justify colonial expansion The final two chapters examine Margaret Atwood s *Alias Grace* and Robert Coover s *The Public Burning* which critique the press s authority by questioning its claim to objectivity *To Live an Antislavery Life* Erica L. Ball, 2012-11-01 In this study of antebellum African American print culture in transnational perspective Erica L Ball explores the relationship between antislavery discourse and the emergence of the northern black middle class Through innovative readings of slave narratives sermons fiction convention proceedings and the advice literature printed in forums like *Freedom s Journal* the *North Star* and the *Anglo African Magazine* Ball demonstrates that black figures such as Susan Paul Frederick Douglass and Martin Delany consistently urged readers to internalize their political principles and to interpret all their personal ambitions private familial roles and domestic responsibilities in light of the freedom struggle Ultimately they were admonished to embody the abolitionist agenda by living what the fugitive Samuel Ringgold Ward called an antislavery life Far more than calls for northern free blacks to engage in what scholars call the politics of respectability African American writers characterized true antislavery living as an oppositional stance rife with radical possibilities a deeply personal politics that required free blacks to transform themselves into model husbands and wives mothers and fathers self made men and transnational freedom fighters in the mold of revolutionary figures from Haiti to Hungary In the process Ball argues antebellum black writers crafted a set of ideals

simultaneously respectable and subversive for their elite and aspiring African American readers to embrace in the decades before the Civil War Published in association with the Library Company of Philadelphia s Program in African American History A Sarah Mills Hodge Fund Publication    **African American Slave Narratives** Sterling Lecater Bland,2001-06-30 African American slave narratives of the 19th century recorded the atrocities of the antebellum South and provided a solid foundation for the African American literary tradition By presenting 16 slave narratives in their entirety this reference conveniently documents this historically significant literary genre A vivid and moving history of African Americans seeking to establish community liberty economic independence and education within the constraints of a repressive society This reference intentionally avoids well known narratives and instead collects unavailable and otherwise difficult to find texts To add to the value of the work for researchers and general readers alike each narrative is accompanied by a preface explanatory notes and suggestions for further reading Many of the narratives gathered here were influential when initially published Josiah Henson s presentation of himself for example embodies many of the characteristics given to Uncle Tom by Harriet Beecher Stowe in her novel Uncle Tom s Cabin While other collections often only provide excerpts from widely available texts this reference includes complete narratives The introductions and annotations redefine current thinking in the field by closely examining how these authors used language structured their writing and crafted their autobiographies By examining the historical cultural literary and social issues that African Americans have faced since their arrival this reference provides the broad context necessary to understand the literary historical and intellectual traditions from which these writings developed    *Incidents in the Life of A Slave Girl, Written by Herself* Harriet Jacobs,2019-12-13 In this volume Jennifer Fleischner examines the first and best known female account of life under and escape from slavery Harriet Jacobs autobiography In her introduction Fleischner shows how Jacobs used the written word to liberate herself and promote the end of slavery by carefully discussing her sexual exploitation as a slave in ways that would inspire sympathy in and not offend her Victorian white middle class female audience An updated introduction explores Jacobs personal struggles with religion and violent resistance and connects her narrative to the broader history of the anti slavery movement in the United States The rich collection of related documents that accompany Jacobs complete narrative features three new sources including the will of Jacobs owner Margaret Horniblow the abolitionist emblem and the original title page of Incidents in the Life of a Slave Girl Updated document head notes chronology questions for consideration selected bibliography and index provide students with a valuable framework for understanding this period in United States history Available in print and e book formats

**Bearing Witness** Andrea Nicholson,2022-09-29 A study of contemporary slave narratives that reveals the conditions and consequences of slavery and the importance of survivors stories    Radical Historians Newsletter ,1992    "To Grasp the Pen" Kate A. Steinnagel,2007    **Rhetoric and Ethnicity** Keith Gilyard,Vorris Nunley,2004 The essays in this volume open up vigorous debate about alternative discourses and modes of presentation    Mrs. Lincoln's Dressmaker Lynda Jones,2009

From fashion designer to abolitionist to caretaker this is the story of dressmaker Elizabeth Hobbs Keckley a forgotten figure whose influence ran deep at the very heart of Abraham Lincoln's presidency Includes handsome duotone illustrations and an elegant design that emphasizes period fashion     *The Arizona Quarterly* ,2001     **Fulltext Sources Online** ,2007     **New Books on Women and Feminism** ,1996     *Acquisitions List, African-American Collection* University of Pittsburgh. University Library System,1997     *Contemporary Authors* Terrie M. Rooney,1997-11 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R
