Maternal And Child Health Nursing Care Of The Childbearing And Childrearing Family:

Maternal and Child Health Nursing Adele Pillitteri, 2013-11-25 Adele Pillitteri aims to ensure that today's students have a technical understanding without losing the importance of compassion in their role as a nurse. The text presents pediatrics and maternity as a continuum of knowledge taking a holistic approach and viewing maternity and pediatric content as a family event. The text links theory closely with application that helps students gain a deeper understanding of content and be better prepared to practice in their careers. Provided by publisher **Maternal & Child Health Nursing** Adele Pillitteri, 2010. Growing research shows that many children from immigrant and refugee families are not doing well in school due in part to linguistic and cultural disadvantages. Teaching dual language learners requires cultural sensitivity and an understanding of language acquisition and intentional teaching strategies. Combining research and techniques, this resource helps early childhood educators support dual language learners as they develop the skills necessary for school readiness and success. *Maternal & Child Health Nursing* JoAnne Silbert-Flagg, 2022-02-22.
