Medea In Performance 15002000:

Medea in Performance 1500-2000 Oliver Taplin, Fiona Macintosh, Edith Hall, 2000 Papers drawn from an interdisciplinary colloquium hosted at Somerville College by the University of Oxford's Archive of Performances of Greek and Roman Drama in August 1998 *Medea, Magic, and Modernity in France* Amy Wygant, 2016-04-29 Bringing together the previously disparate fields of historical witchcraft reception history poetics and psychoanalysis this innovative study shows how the glamour of the historical witch a spell that she cast was set on a course over a span of three hundred years from the sixteenth to the eighteenth centuries to become a generally broadcast glamour of appearance Something that a woman does that is became something that she has The antique heroine Medea witch and barbarian infamous poisoner infanticide regicide scourge of philanderers and indefatigable traveller serves as the vehicle of this development Revived on the stage of modernity by La Proue in the sixteenth century Corneille in the seventeenth and the operatic composer Cherubini in the eighteenth her stagecraft and her witchcraft combine author Amy Wygant argues to stun her audience into identifying with her magic and making it their own In contrast to previous studies which have relied upon contemporary printed sources in order to gauge audience participation in and reaction to early modern theater Wygant argues that psychoanalytic thought about the behavior of groups can be brought to bear on the question of what happened when the early modern witch was staged This cross disciplinary study reveals the surprising early modern trajectory of our contemporary obsession with magic Medea figures the movement of culture in history and in the mirror of the witch on the stage a mirror both appealing and appalling our own cultural performances are reflected It concludes with an analysis of Diderot's claim that the historical process itself is magical and with the moment in Revolutionary France when the slight and fragile body of the golden throated singer Julie Anglique Scio became a Medea for modernity not a witch or a child murderer but as all the press reviews insist a woman

Medea's Long Shadow in Postcolonial Contexts Ana Filipa Prata, Rodrigo Verano, 2024-06-10 This interdisciplinary volume explores the ancient Greek myth of Medea and its global analogues found in other mythic and folk tales of deadly exiled women such as those of La Malinche and La Llorona examining the connections between these figures and their depictions from antiquity to modernity The book considers the figure of the foreign woman her exile fratricide and infanticide in its ancient Greek form and in global postcolonial receptions in a range of media including drama film novels and the visual arts The chapters illuminate the contradictions of considering the classical Medea as a central reference point for analysis of other female figures from peripheral territories while simultaneously acknowledging the insights that such comparisons can yield Emphasizing the ways in which Medea's seditious nature enables the establishment of an extensive and heterogeneous intertextual network with other mythic characters who represent a similarly disruptive role in their specific local historical and cultural contexts the book argues for a comparative analysis that is equally attentive to myths and folk tales from all regions These essays by scholars of classics comparative and world literatures and postcolonial studies represent a plurality

of perspectives from different academic contexts in Africa Latin America North America and Europe and examine how different cultures have depicted women foreigners crime and abjection The foundations of Greek myth and subsequently of the classical tradition itself are interrogated from a postcolonial perspective In tracing the portrayals of Medea and other mythic women through the overlapping features of different female characters and plots and intertwining local cultural and literary materials with broader debates this volume challenges Eurocentric narratives of power and cultural domination and works to decentralize the discussion of Medea from the exclusive domain of classical studies Medea s Long Shadow in Postcolonial Contexts will be of interest to students and scholars working on Greek tragedy and its reception as well as to those studying postcolonial and global approaches to literature culture and gender studies

The Oxford Handbook of Greek Drama in the Americas Kathryn Bosher,Fiona Macintosh,Justine McConnell,Patrice Rankine,2015-11-05 The Oxford Handbook of Greek Drama in the Americas is the first edited collection to discuss the performance of Greek drama across the continents

and archipelagos of the Americas from the beginning of the nineteenth century to the present. The study and interpretation of the classics have never been restricted by geographical or linguistic boundaries but in the case of the Americas long colonial histories have often imposed such boundaries arbitrarily. This volume tracks networks across continents and oceans and uncovers the ways in which the shared histories and practices in the performance arts in the Americas have routinely defied national boundaries. With contributions from classicists Latin American specialists theatre and performance theorists and historians the Handbook also includes interviews with key writers including Nobel Laureate Derek Walcott Charles Mee and Anne Carson and leading theatre directors such as Peter Sellars Carey Perloff Hector Daniel Levy and Heron Coelho. This richly illustrated volume seeks to define the complex contours of the reception of Greek drama in the Americas and to articulate how these different engagements at local national or trans continental levels as well as across borders have been distinct both from each other and from those of Europe and Asia.

Amy Levy Naomi Hetherington, Nadia Valman, 2010-04-06. Amy Levy has risen to prominence in recent years as one of the most innovative and perplexing writers of her generation. Embraced by feminist scholars for her radical experimentation with queer poetic voice and her witty journalistic pieces on female independence she remains controversial for her representations of London Jewry that draw unmistakably on contemporary antisemitic discourse. *Amy Levy Critical Essays* brings together scholars working in the fields of Victorian cultural history women's poetry and fiction and the history of Anglo Jewry. The essays trace the social, intellectual and political contexts of Levy's writing and its contemporary reception. Working from close analyses of Levy's texts the collection aims to rethink her engagement with Jewish identity to consider her literary and political identifications to assess her representations of modern consumer society and popular culture and to place her life and work within late Victorian cultural debate. This book is essential reading for undergraduate and postgraduate students offering both a comprehensive literature review of scholarship to date and a range of new critical perspectives. Contributors: Susan David Bernstein, University of Wisconsin Madison; Gail Cunningham, Kingston University; Elizabeth F. Evans, Pennsylvania State University; DuBois, Emma, Francis, Warwick University; Alex Goody, Oxford Brookes University; T. D. Olverson, University of Newcastle upon Tyne; Lyssa Randolph, University of Wales Newport; Meri Jane Rochelson, Florida International University.

Dionysus Since 69 Edith Hall, Fiona Macintosh, Amanda Wrigley, 2004-01-08. Greek tragedy is currently being performed more frequently than at any time since classical antiquity. This book is the first to address the fundamental question why has there been so much Greek tragedy in the theatres, opera houses and cinemas of the last three decades? A detailed chronological appendix of production information and lavish illustrations supplement the fourteen essays by an interdisciplinary team of specialists from the worlds of classics, theatre studies and the professional theatre. They relate the recent appeal of Greek tragedy to social trends, political developments, aesthetic and performative developments and the intellectual currents of the last three decades especially multiculturalism, post colonialism, feminism, post structuralism, revisions of psychoanalytical models and
