Measuring Human Problems:

Measuring Human Problems David F. Peck, Colin M. Shapiro, 1992-04-21 Written for all health care professionals who wish to assess the problems of their patients and clients in a systematic and effective way whether diagnosing a problem predicting the response to treatment or monitoring change The editors have succeeded in making this book comprehensive in scope covering the major areas in which most clinicians and researchers will desire ready access to measurement techniques and instruments including screening and detection of psychiatric illness depression obsessions and compulsions social dysfunctioning mental handicaps special problems of the elderly drug problems eating and sleeping disorders and sexual behavior In addition to proposing guidelines for the selection and construction of measurement methods and listing the relevant questionnaires and techniques the merits and limits of rating scales and other methods are considered There is also an attempt to clarify diagnostic definitional and other conceptual issues in relation to the problems covered **Mental**

Health Outcome Measures Graham Thornicroft, Michelle Tansella, 2010-09 This new edition charts the increased range of mental health outcome domains that are now measurable while reflecting a new emphasis on positive outcomes and recovery and the central role of the service user's experience

Basic Psychology for Nursing in India Ann J Zwemer, 2005 The book titled Basic Psychology is quite comprehensive as it deals with all the important aspects of general psychology and human behaviour in a very simple and readable form The author has succeeded in including some thoughts and ideas of modern psychologists The content is presented with utmost clarity and thoroughness The illustrations and drawings will sustain the interest of the students It will be a very valuable text book for nursing students as there are adequate explanations and thought provoking discussions The summary and quiz in each chapter will be very helpful for the students to facilitate learning process and develop good study habits
