George Steiner

No Passion Spent Essays 1978 1995:

No Passion Spent George Steiner, 1996 *No Passion Spent* Steiner, 1996 Spanning a considerable time these essays turn on a central theme what is meant by reading a serious text at a time when theories of language and literature question the very possibility of any agreed meaning and at a time when new technologies seem likely to replace books as we have known them since Gutenberg The question is brought to bear deliberately on the Bible Homer and Shakespeare **Lukács**

After Communism Eva L. Corredor, 1997 Since the collapse of communism in Eastern Europe the validity of Marxism and Marxist theory has undergone intense scrutiny both within and outside the academy In Lukács After Communism Eva L Corredor conducts ten lively and engaging interviews with a diverse group of international scholars to address the continued relevance of György Lukács's theories to the post communist era Corredor challenges these theoreticians who each have been influenced by the man once considered the foremost theoretician of Marxist aesthetics to reconsider the Lukácsian legacy and to speculate on Marxist theory's prospects in the coming decades The scholars featured in this collection Etienne Balibar Peter Bürger Terry Eagleton Fredric Jameson Jacques Leenhardt Michael Löwy Roberto Schwarz George Steiner Susan Suleiman and Cornel West discuss a broad array of literary and political topics and present provocative views on gender race and economic relations Corredor's introduction provides a biographical synopsis of Lukács and discusses a number of his most important theoretical concepts Maintaining the ongoing vitality of Lukács's work these interviews yield insights into Lukács as a philosopher and theorist while offering anecdotes that capture him in his role as a teacher mentor **At Home In**

The Language Of The Soul Josephine Evetts-Secker, 2021-03-31 Language has a primary importance in Jungian psychology and its practice C G Jung saw every act of speech as a psychic event Even the worker words in language like prepositions or conjunctions carry particular archetypal energies working dynamically and daimonically in the conduct of transformational narrative and realizing both personal and collective purposes This book aims to deepen our consciousness of psyche's speech as it occurs in our professional discourses in the psychoanalytic encounter in dreams fairy tales myths and poetry Vividly exploring the grammar of psyche we are urged to constantly kindle and rekindle our engagement with language

Uncommon Readers Christopher J. Knight, 2003-01-01 Impressive in scope and erudition Christopher Knight's Uncommon Readers focuses on three critics whose voices mixing eloquence with pugnacity stand out as among the most notable independent critics working during the last half century The critics are Denis Donoghue Frank Kermode and George Steiner and their independence a striking characteristic in a time of corporate criticism is reflective of both their backgrounds Donoghue's Catholic upbringing in Protestant ruled Northern Ireland Kermode's Marxist beginnings and Steiner's Jewish upbringing in pre Holocaust Europe and their temperaments Each represents a party of one a fact that has on the one hand made them the object of the occasional vituperative dismissal and on the other contributed to their influence and remarkable longevity Since the 1950s Steiner Donoghue and Kermode have each maintained a highly public profile regularly

contributing to such influential publications as *Encounter* *New Yorker* *New York Review of Books* *Times Literary Supplement* and the *London Review of Books* This aspect of their work receives particular attention in *Uncommon Readers* for it illustrates a renewed interest in the role of the public critic especially in relation to the genre of the literary review essay and signals a sustained conversation with an educated public namely the common reader Knight makes the argument for the review essay as a serious and still viable genre and he examines the three critics in light of this assumption He expounds upon the critics separate interests Kermode's identification with discussions of canonicity Steiner's with cultural politics and Donoghue's with the persistent claims of the imagination while also revealing the ways in which their work often reflects theological interests Lastly he attempts to adjudicate some of the conflicts that have arisen between these critics and other literary theorists especially the post structuralists and to discuss the question of whether it is still possible for critics to work independently Original and deliberative *Uncommon Readers* presents a renewed defense of the tradition of the common reader

Edinburgh Companion to the Essay Bob Cowser Jnr., Nicole B. Wallack, Mario Aquilina, 2022-07-25 The *Edinburgh Companion to the Essay* distinguishes itself by the wide range and scope of its themes voices and approaches Thirty five leading essayists literary critics and writing instructors explore the essay from multiple perspectives including its theories forms and histories as well as its cultural political and pedagogical contexts In particular the volume extends the theory of the essay by addressing topics such as the construction of an essayistic self and the political dimensions of essaying It further explores the relationship between the essay and other forms such as philosophical writing the column science writing the novel the lyric and the advert as well as the essay in digital spaces

[Volume 12, Tome IV: Kierkegaard's Influence on Literature, Criticism and Art](#) Jon Stewart, 2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker his writings have also been used extensively by literary writers critics and artists This use can be traced in the work of major cultural figures not just in Denmark and Scandinavia but also in the wider world They have been attracted to his creative mixing of genres his complex use of pseudonyms his rhetoric and literary style and his rich images parables and allegories The present volume documents this influence in the different language groups and traditions Tome IV examines Kierkegaard's surprisingly extensive influence in the Anglophone world of literature and art particularly in the United States His thought appears in the work of the novelists Walker Percy James Baldwin Flannery O'Connor William Styron Don DeLillo and Louise Erdrich He has also been used by the famous American literary critics George Steiner and Harold Bloom The American composer Samuel Barber made use of Kierkegaard in his musical works Kierkegaard has also exercised an influence on British and Irish letters W H Auden sought in Kierkegaard ideas for his poetic works and the contemporary English novelist David Lodge has written a novel *Therapy* in which Kierkegaard plays an important role Cryptic traces of Kierkegaard can also be found in the work of the famous Irish writer James Joyce

American Artists, Jewish Images Matthew Baigell, 2006-03-16 Born over a fifty year period the artists in this volume represent several

generations of twentieth century artists Examining the work of such influential artists as Mark Rothko Max Weber and Ruth Weisberg Baigell directly confronts their Jewish identity as a religious cultural and psychological component of their lives and explores the way in which this influence is reflected in their art Drawing upon their common heritage Baigell reveals the different ways these artists responded to the Great Immigration the Depression the Holocaust the founding of the state of Israel and the rise of feminism Each artist s varied Jewish experiences have contributed to the creation of a visual language and subject matter that reflect both Jewish assimilation and Jewish continuity in ways that inform modern Jewish history and changes in present day America Offering a fresh examination of well known artists as well as long overdue attention to lesser known artists Baigell s incisive observations are indispensable to our understanding of the Jewish themes in these artists work Written in a lively and spirited prose this book is compulsory reading for those interested in modern American art and Jewish studies Jacob & Esau Malachi Haim Hacohen,2019-01-10

Jacob and Esau is a profound new account of two millennia of Jewish European history that for the first time integrates the cosmopolitan narrative of the Jewish diaspora with that of traditional Jews and Jewish culture Malachi Haim Hacohen uses the biblical story of the rival twins Jacob and Esau and its subsequent retelling by Christians and Jews throughout the ages as a lens through which to illuminate changing Jewish Christian relations and the opening and closing of opportunities for Jewish life in Europe Jacob and Esau tells a new history of a people accustomed for over two and a half millennia to forming relationships real and imagined with successive empires but eagerly adapting in modernity to the nation state and experimenting with both assimilation and Jewish nationalism In rewriting this history via Jacob and Esau the book charts two divergent but intersecting Jewish histories that together represent the plurality of Jewish European cultures The Washington Post Index ,1996 **Conversing with**

Barth John C. McDowell, Mike Higon,2004 Karl Barth addressed all the major themes of dogmatic theology and in so doing made his own distinctive contribution to each of the ongoing conversations that constitute that theology This book presents important new conversations with Barth by leading contemporary theologians and Barth scholars Each contributor offers their own distinctive emphasis to bring to light the ways in which the depths of Barth s work may illuminate or be illuminated by the work of other prominent thinkers who preceded or followed him The conversations they host between Barth and other philosophers and theologians raise critical questions in the reading and appreciation of Barth s thought and explore a wide range of themes in dogmatic theology This book not only adds to the comprehension of the riches of Barth s theology but also presents an important contribution to the ongoing conversations and debates alive in theology today Contributors Nicholas Lash John Webster Timothy Gorringer Graham Ward George Hunsinger Ben Quash Mike Higon John McDowell Eugene Rogers Katherine Sonderegger David Clough David Ford **The Literary Review** ,1996 The Moral Imagination Oliver F. Williams,1998 The essays gathered in The Moral Imagination How Literature and Films Can Stimulate Ethical Reflection in the Business World show how through literature art and film society might learn to develop a sense of moral imagination

Cultivating the imagination through art literature and film illuminates our understanding of what it means to be human By having a genuine sense of self one can expand an impoverished moral vision and open the way for the greatness of heart that is needed to guide us through an ethical life in business The focus on moral images in business ethics is credited in part to Aristotle Some of these essays can be seen as arguing for a retrieval of the Aristotelian insight on ethics for the business ethics of our time Ethics in this perspective is not primarily concerned with analyzing situations so that we can make correct decisions but rather with reflecting on what is constitutive of the good life The fostering of this philosophical tradition can bring a crucial corrective to the way business ethics is practiced today Revolutionary Forgiveness Marc H. Ellis,2000 Revolutionary Forgiveness is a startling series of essays challenging the prevailing sensibilities of both Jews and Christians In the call for accountability and commitment Ellis asks whether the current boundaries that Jews and Christians claim continue to provide the foundations for faith and the embrace of the covenant **The Writers Directory** ,2013 The New York Times Index ,1996 **Shakespeare Quarterly** ,1997 Studies in the Literary Imagination ,1999 The Promise of Hermeneutics Roger Lundin,Anthony C. Thiselton,Clarence Walhout,1999 This work presents an interdisciplinary study of the nature and scope of interpretation The three authors bring the resources of the Bible Christian tradition and intellectual history to bear upon contemporary hermeneutical disputes Representing a complete revision of The Responsibility of Hermeneutics 1985 this substantially expanded volume has been brought up to date with recent work in hermeneutics and sets forth an important new perspective that shifts the interpretive focus from the past to the promise of the future Making use of the best insights from current theories about language interpretation and the nature of the self The Promise of Hermeneutics demonstrates how an encounter with contemporary interpretive theory can deepen the church s own hermeneutical practices The authors also show how the Christian faith can help move us beyond the many impasses created by postmodern thought From publisher s description **The Sacred in Music** Albert L. Blackwell,1999 Albert L Blackwell is Reuben B Pitts Professor of Religion at Furman University in South Carolina

No Passion Spent Essays 1978 1995 Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been evident than ever. They have the ability to inspire, provoke, and ignite change.
