[In the Adirondacks](#) Matt Dallos,2023-03-28 An immersive journey into the past present and future of a region many consider the Northeast s wilderness backyard Out of all the rural areas of the United States including those in the West which are bigger and propped up by more pervasive myths about adventure and nation and wilderness and freedom the Adirondacks has accumulated a well known identity beyond its boundaries

Untouched unspoiled it is defined by what we haven t done to it Combining author Matt Dallos s personal observations with his thorough research of primary and secondary documents In the Adirondacks rambles through the region to understand its significance within American culture and what lessons it might offer us for how we think about the environment In vivid prose Dallos digs through the region s past and present to excavate a series of compelling stories and places a moose named Harold a hot dog mogul s rustic mansion an ecological restoration on an alpine summit a hermit who demanded a helicopter

ride and a millionaire who dressed up as a Native American to rob a stagecoach Along the way Dallos listens to locals and tourists visits wilderness areas and souvenir shops and digs through archives in museums and libraries In the Adirondacks blends lively history and immersive travel writing to explore the Adirondacks that captivated Dallos s childhood imagination while presenting a compelling and entertaining story about America s largest park outside of Alaska The result is an inquisitive journey through the region s bogs and lakes and boreal forests and the lives of residents and tourists Dallos turned toward the region to understand why he couldn t shake it from his mind What he learned is that he s not the only one In the Adirondacks explores the history and future of the most complicated contested park in North America raising important questions about the role of environmental preservation and the great outdoors in American history and culture

An Adirondack Passage Christine Jerome, 2015-02-25 A paddling classic back in print with new maps, photos, details and afterword. Christine Jerome walked into the Adirondack Museum in Blue Mountain Lake, NY and promptly fell in love with a 9 foot 10 pound canoe named the Sairy Gamp. More than a century before in 1883 the Sairy Gamp had been paddled and portaged through the Adirondacks by a sixty one year old writer named George Washington Sears his pen name was Nessmuk. The more Jerome learned about Sears the more she wanted to follow his route despite her lack of camping or canoeing experience. In August 1990 she embarked in a 9 foot canoe made of Kevlar and with her husband John accompanying her in a slightly larger boat set off to retrace Sears's journey. An Adirondack Passage is part social history, part natural history, part biography of Sears and part chronicle of a voyage. Summer turns to fall while the Jeromes make their way north through sunshine and storms down cottage-lined lakes and lonely wild streams. Gusting winds bully their light canoes and by mid September the days are colder and shorter but the longer they paddle the more attached they become to the beauty around them. Canada geese fly overhead, monarch butterflies flutter southward and on the larger lakes young loons gather for their first migration to the sea. Along the way the author pauses to tell us what Sears saw when he passed by and what happened to his favorite haunts in the ensuing century. As the history of the region unfolds we meet hermits and millionaires, hunting guides and society women, hotelkeepers and dime novel writers and one lost dancing bear. Christine Jerome has given us a memorable wilderness experience that readers who have never lifted a paddle will find fascinating and invigorating. This new release from Breakaway Books is the third edition, revised and updated with extra photos, maps and a new afterword.
