Modern China And A New World:

Modern China and the New World Randall Doyle, Zhang Boshu, 2011-12-16 *Modern China and the New World* focuses upon a few of the main topics associated with China's recent rise to global prominence. Dr. Randall Doyle discusses the impact that China will have on the geopolitical balance throughout the Asia Pacific region as well as the effect of China's new power on U.S.-China relations in the 21st century. Dr. Zhang Boshu addresses China's continuing struggles with Tibet and the Dalai Lama. He also discusses the existing political system within China today and the future possibility of democratic reforms occurring and transforming Chinese society itself. *Modern China and the New World* presents these important topics by incorporating not just traditional reading and research but also integrating the personal experiences of the authors. **Art and Revolution in Modern China** Ralph Croizier, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1988. **Women in Chinese Buddhism** Jessica Huset Tilton, 2025-10-30 Tilton examines how cultural, political, and economic forces exert pressures on the levels of freedom and equality for female Buddhists within the Buddhist community as well as women's rights within society. The book charts women's spiritual paths over four periods beginning with the Buddha and his revolutionary stance on women to the creation of a fully ordained female Saṅgha in China which peaked during the Tang dynasty and finally to its resurgence in the late Qing and early Republic period ending with a sharp decline to near extinction during the Mao Zedong years 1949-1976. As the nun and lay communities arise directly from the broader female community, Tilton argues that there is a direct correlation between women's rights issues and those of liberties for Buddhist women within the Saṅgha. Specifically, women's equality within this world as well as their right to achieve liberation from this world or samsara. Charting the evolution of Buddhist women in China across multiple centuries, this book is a valuable resource for academics, researchers, and students of Asian Studies, Buddhist Studies, as well as those interested in the intersection of gender and religion. **Discourses of Weakness in Modern China** Iwo Amelung, 2020-06-24 Die Vorstellung China sei ein schwacher Staat, der in einer zunehmend darwinistisch konzipierten Welt nicht konkurrenzfähig sei, beherrschte vom Ende des 19. Jahrhunderts besonders seit dem verlorenen Krieg gegen Japan 1894/95 bis in die 1930er Jahre den politischen Diskurs in China selbst wie auch in anderen Ländern der Welt. Der Band zeichnet diese Untergangsgeschichte des kranken Mannes Asiens nach und hilft somit, das Selbstverständnis und die Identität des heutigen China zu verstehen. **Literature and Revolution in Modern China** Yuzo Nagahori, 2025-05-19 This book reconstructs Lu Xun's literary theory and political position within its historical context. It considers the influence on Lu Xun of Leon Trotsky's literary theory and Lu Xun's relationship with the Chinese Trotskyists and the Chinese Communist Party. It corrects errors and shortcomings in

conventional studies on Lu Xun and shows how Lu Xun was used for political purposes by the Chinese Communists and Mao Zedong beginning in the Yan an years and culminating during the Cultural Revolution It seeks to rescue Lu Xun from the distortion of his legacy by the Chinese Communist literary establishment Mao Zedong and Stalinism **Conservative**

Moody, 2007-01-01 Conservative Thought in Contemporary China examines the evolution of conservative politics in China which has become increasingly prevalent following the death of Mao Zedong in 1978 Peter Moody traces the roots of conservatism through the imperial system the Republican period and the pre Cultural Revolution People s Republic all of which influence contemporary Chinese politics Contemporary China ,1943 **A**
