Oregon Geology Thomas Condon, 2015-07-28 Excerpt from *Oregon Geology A Revision of the Two Islands* States he will find the Wasatch Mountains as part of the eastern boundary of Idaho and if he is familiar with the mammalian life of the Eocene period he will remember that Professor Marsh and others have described a wonderful and varied fauna of large mammals which lived on the borders of an old lake east of the Wasatch Mountains In fact the mountains themselves formed the lofty western shore line of that Eocene lake But of all this abundant life not one well identified fossil mammal has been found in Oregon belonging to that Eocene epoch The author of *The Two Islands* reasoned that the Oregon land must have been cut off from the Wasatch land by an intervening body of water About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Stratigraphic Relations of

delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates List of Books for School Libraries of the State of Oregon ,1917 **Madroño**
