**Women and Crime in Early Modern Holland** Manon van der Heijden, 2016-08-01 Crime is men's business isn't it Women are responsible for 10 percent of crime in Europe Yet if we look at the Dutch Republic in the early modern period we find that in the towns of Holland women played a much larger role in crime In a number of early modern towns about half of the criminals convicted in court were women These women were in vulnerable positions and thus more likely to become involved in crime They also had a relatively independent status and led remarkably public lives Manon van der Heijden convincingly shows that it is the very combination of women's vulnerability and independence that accounts for the high female crime rates in Holland between 1600 and 1800

**Early Modern Dutch Prints of Africa** Elizabeth A. Sutton, 2017-07-05 Using Pieter de Marees Description and Historical Account of the Gold Kingdom of Guinea 1602 as her main source material author Elizabeth Sutton brings to bear approaches from the disciplines of art history and book history to explore the context in which De Marees account was created Since variations of the images and text were repeated in other European travel collections and decorated maps Sutton is able to trace how the framing of text and image shaped the formation of knowledge that continued to be repeated and distilled in later European depictions of Africans She reads the engravings in De Marees account as a demonstration of the intertwining domains of the Dutch pictorial tradition intellectual inquiry and Dutch mercantilism At the same time by analyzing the marketing tactics of the publisher Cornelis Claesz this study illuminates how early modern epistemological processes were influenced by the commodification of knowledge Sutton examines the book's construction and marketing to shed new light on the social milieus that shared interests in ethnography trade and travel Exploring how the images and text function together Sutton suggests that Dutch visual and intellectual traditions informed readers' choices for translating De Marees text visually Through the examination of early modern Dutch print culture *Early Modern Dutch Prints of Africa* expands the boundaries of our understanding of the European imperial enterprise
