Ministerien Fur Das Ganze Deutschland Der Alliierte Kontrollrat And Die Frage Gesamtdeutscher Zentralverwaltungen

Marc Trachtenberg

Ministerien Fur Das Ganze Deutschland Der Alliierte Kontrollrat And Die Frage Gesamtdeutscher Zentralverwaltungen:

Ministerien für das ganze Deutschland? Elisabeth Kraus, 1990 **The Cold War and After** Marc Trachtenberg, 2012-03-12 A new way of looking at international relations from a leading expert in the field What makes for war or for a stable international system Are there general principles that should govern foreign policy In *The Cold War and After* Marc Trachtenberg a leading historian of international relations explores how historical work can throw light on these questions The essays in this book deal with specific problems with such matters as nuclear strategy and U S European relations But Trachtenberg s main goal is to show how in practice a certain type of scholarly work can be done He demonstrates how in studying international politics the conceptual and empirical sides of the analysis can be made to connect with each other and how historical theoretical and even policy issues can be tied together in an intellectually respectable way These essays address a wide variety of topics from theoretical and policy issues such as the question of preventive war and the problem of international order to more historical subjects for example American policy on Eastern Europe in 1945 and Franco American relations during the Nixon Pompidou period But in each case the aim is to show how a theoretical perspective can be brought to bear on the analysis of historical issues and how historical analysis can shed light on basic conceptual problems **Five Months in Berlin** Werner Breunig, Jürgen Wetzel, 2020-01-20 In 1946 Edgar N Johnson later Professor of European History at the University of Nebraska served as a political advisor for the American military government in Berlin In diary like letters he described his meetings with important actors in American occupation politics such as General Lucius D Clay many representatives of the other occupying powers and leading German political and cultural figures Divided Loyalties Peter Davies, 2000 This study aims to shed light on the relationship of writers with power in East Germany by setting their work in the context of Soviet and SED German policy after 1945 Peter Davies provides an analysis of the politics of German division as it affected visions of German national identity within the East German artistic community and shows how this can give us a profound insight into contentious questions of artistic dissidence and conformity The second part of the study develops these ideas through a series of case studies of important individuals such as Johannes R Becher Peter Huchel Bertolt Brecht and Hanns Eisler analysing the complexities of their relationship with the power structures and ideology of the East German state in the institutional context of the Deutsche Akademie der Künste The study concludes with an account of the consequences of the June 1953 uprising for these artists view of their role in the GDR **Adenauer's Foreign Office** Thomas Maulucci, 2012-11-15 The creation of the Foreign Office under Adenauer tells us much about the possibilities and limits of professional diplomacy in the mid twentieth century It also demonstrates three themes central to the early history of the Federal Republic the integration of the new state into the international community the cooptation of German elites and traditions by the new political system and the creation of

government in a state under foreign occupation In this important study Thomas Maulucci argues that despite an improvised start and a considerable continuity of practice and personnel with pre 1945 Germany the changed international and domestic situation proved decisive in creating a ministry that could help to implement new directions in German foreign policy In addition Maulucci explores the interactions between international political and social history contributing to a literature that bridges the gap between the pre and post World War Two eras that characterized previous writing on German history Based on extensive research in German American British and French archives Adenauer's Foreign Office is the only English language book of its kind The troubling question of personnel continuity in the German diplomatic service is of considerable importance today especially because of the Foreign Office's previous attempts to portray its past in the best possible light Of interest to scholars and students of German history and politics as well as non specialists this book provides new insights into post war diplomacy the sociology of German elites and the problems involved in creating a new government after losing a major war

Uneasy Allies Klaus Larres, Elizabeth Meehan, 2000-03-16 Throughout the second half of the 20th century fundamental differences in values and policy can be discerned in British German relations For historical political and economic reasons the collective memories of both nations have retained very different identities and attitudes towards each other and towards the European continent and European integration Yet Britain is one of the most significant European partners for Germany and Germany is of great importance for Britain's role in Europe This book focuses on the influence of European integration on the policies of Britain and Germany towards each other It considers British German relations in the context of European integration in their historical dimensions since 1945 Britain's ambiguous policy towards the GDR and Mrs Thatcher's opposition to German unification are also discussed In particular the book focuses on the post 1990 relationship and examines the political security related economic and financial as well as the social aspects of the dynamic British German relations in an ever more interdependent world The influence of the US and France on both Germany and Britain and their European policies is therefore considered in detail This book offers interesting and challenging insights into the evolution of British German relations within the context of European integration in the post Second World War and post Unification era The book argues that throughout the latter half of the twentieth century Britain and Germany can be characterised as uneasy allies It is only since the late 1990s Britain and Germany appear to have become genuine partners in the context of European integration

Potsdam 1945 Heiner Timmermann, 2021 Auf der Potsdamer Konferenz wurde der Versuch unternommen die während und nach dem Zweiten Weltkrieg in Europa aufgetauchten Differenzen zwischen den Hauptsiegermächten auszuräumen und Europa eine Neuordnung zu geben Die Mitteilung über die Dreimächtekonferenz von Berlin und das Verhandlungsprotokoll der Konferenz von Potsdam enthalten daher weit mehr als nur berechnete zur künftigen Behandlung Deutschlands Die bislang in Deutschland publizierten Monographien Sammelbände und Aufsätze zur Potsdamer Konferenz beschränken sich weitgehend auf die Deutschland betreffenden Themen des Abkommens Das Spektrum

des vorliegenden Sammelbandes ist ungewöhnlich breit. Neben einer Einführung werden die Sichten der Großen Drei, die Konferenz und andere staatspolitische Aspekte sowie Folgen der Konferenz in 26 Beiträgen behandelt. **Die deutsche Frage in der Nachkriegszeit** Wilfried Loth, 1994. *Geschichte der Sozialpolitik in Deutschland seit 1945: 1945-1949: die Zeit der Besatzungszonen*, 2001. **A Constructed Peace** Marc Trachtenberg, 2020-06-16. People still think of the Cold War as a simple two-sided conflict, a kind of gigantic arm-wrestle on a global scale, writes Marc Trachtenberg, but this view fails to grasp the essence of what was really going on. America and Russia were both willing to live with the status quo in Europe. What then could have generated the kind of conflict that might have led to a nuclear holocaust? This is the great puzzle of the Cold War, and in this book, the product of nearly twenty years of work, Trachtenberg tries to solve it. The answer, he says, has to do with the German question, especially with the German nuclear question. These issues lay at the heart of the Cold War, and a relatively stable peace took shape only when they were resolved. The book develops this argument by telling a story, a complex story involving many issues of detail but focusing always on the central question of how a stable international system came into being during the Cold War period. **A Constructed Peace** will be of interest not just to students of the Cold War but to people concerned with the problem of war and peace and in particular with the question of how a stable international order can be constructed even in our own day. **Der Alliierte Kontrollrat in Deutschland 1945-1948** Gunther Mai, 1995. In der Übergangsphase zwischen dem klassischen internationalen Mehrtensystem und einem zukunftsweisenden kollektiven Sicherheitssystem blieb für die deutsche Frage keine andere Lösung als die Teilung. Der Alliierte Kontrollrat, das Symbol der friedensstiftenden Kooperationsfähigkeit der Vereinten Nationen, verwaltete Deutschland auf der Grundlage des kleinsten gemeinsamen Nenners. Deutschlandpolitische Entscheidungen sind im Kontrollrat nicht gefallen. Der Autor Gunther Mai ist Professor für Neuere und Zeitgeschichte an der Pädagogischen Hochschule in Erfurt. *Geschichte der Sozialpolitik in Deutschland seit 1945: 1945-1949, Die Zeit der Besatzungszonen: Sozialpolitik zwischen Kriegsende und der Gründung zweier deutscher Staaten*, 2001. **Geschichte der Sozialpolitik in Deutschland seit 1945: Grundlagen der Sozialpolitik**, 2001. **Die USA und Deutschland im Zeitalter des Kalten Krieges 1945-1990: 1945-1968** Detlef Junker, 2001. Das Buch ist das bislang umfangreichste und aufwendigste bilaterale Kooperationsprojekt in der Geschichtswissenschaft. 132 Wissenschaftlerinnen und Wissenschaftler arbeiten in insgesamt 146 Beiträgen das Wirkungsverhältnis zwischen Deutschland und den USA auf. Ein Handbuch zum Nachschlagen und zur Orientierung, klar strukturiert mit Einführungsskizzen für den Überblick und fundierten Analysen für den Tiefgang. Mit Fakten über Reeducation, die Teilung Deutschlands, atomare Abschreckung, kulturelle Amerikanisierung, Austauschprogramme, Nachrüstung, Spionage etc. **Deutschland in der Weltordnung 1945-1995** Eckart Klein, Karl Eckart, 1996. Die große politische militärische und moralische Katastrophe, in die der Nationalsozialismus und der Zweite Weltkrieg Deutschland vor 50 Jahren gestürzt hatten, war der AfD Anlaß, den Weg nachzuzeichnen, den Deutschland seither beschritten hat. Ausgangspunkt mußten die Niederlage

und der sich schrittweise vollziehende Wiedereintritt Deutschlands in die Staatengemeinschaft sein Die Zeit der Fremdbestimmung die insbesondere durch die Übernahme der obersten Gewalt durch die Siegermächte im Juni 1945 und die Potsdamer Beschlüsse im Juli August 1945 eingeleitet wurde spiegelt sich auch in den Feindstaatenklauseln der UN Charta Von dieser gemeinsamen Grundlage her werden die so unterschiedlichen Rahmenbedingungen für die Entstehung der Bundesrepublik Deutschland und der DDR betrachtet In einem zweiten Themenblock wird die politische und wirtschaftliche Rolle Deutschlands in der Weltpolitik während der Spaltung analysiert Wesentliche Stichworte der Erörterung sind hier Westintegration Ostpolitik und amerikanisch sowjetische Entspannungspolitik einerseits die sozialistischen und liberalen wirtschaftspolitischen Konzepte andererseits Im letzten Abschnitt werden die Handlungsmöglichkeiten des vereinigten Deutschland unter Berücksichtigung des internationalen Ordnungsrahmens insbesondere der Vereinten Nationen der KSZE OSZE und der Europäischen Union diskutiert wobei speziell geprüft wird inwieweit deutsche Politik eine Brückenfunktion im Verhältnis zu Osteuropa übernehmen kann

Zeitschrift für neuere Rechtsgeschichte, 1997 **Amerikanische Geheimdienstanalysen über Deutschland 1942-1949** Petra Marquardt-Bigman, 1995 Das nach dem Eintritt der USA in den Zweiten Weltkrieg eingerichtete Office of Strategic Services OSS war eine höchst unorthodoxe Organisation in der neben Wall Street Bankiers Hollywood Regisseure und namhaften Wissenschaftlern auch emigrierte deutsche Linksintellektuelle ihren Beitrag zum Kampf gegen Hitler zu leisten suchten vor allem in der für politische Analysen zuständigen Research and Analysis Branch R A Die von den Mitarbeitern dieser Abteilung zwischen 1942 und 1949 verfassten deutschlandpolitischen Analysen wurden bisher meist als Dokumente der Emigration interpretiert Im letzten Jahrzehnt freigegebene Akten des OSS erlauben es jedoch die Deutschlandanalysen in ihrer ursprünglichen Zweckbestimmung zu bewerten als intelligence für die an der Formulierung Planung und Umsetzung der amerikanischen Deutschlandpolitik beteiligten Beamten Politiker und Militärs Die vorliegende Studie eröffnet einen neuen Blick auf die in Washington geführten Diskussionen über Deutschland und liefert zugleich einen unverzichtbaren Beitrag zur Genese des Kalten Krieges

Jahrbuch Deutsch als Fremdsprache Alois Wierlacher, 1991 Zwischen Morgenthau und Marshall Wilfried Mausbach, 1996 *Die Bundesrepublik Deutschland* Rudolf Morsey, 1995
