iTunes Music: Mastering High Resolution Audio Delivery Bob Katz, 2013-03-22 Apple's exciting new Mastered for iTunes MFiT initiative introduced in early 2012 introduces new possibilities for delivering high quality audio. For the first time record labels and program producers are encouraged to deliver audio materials to iTunes in a high resolution format which can produce better sounding masters. In iTunes Music author and world class mastering engineer Bob Katz starts out with the basics, surveys the recent past and brings you quickly up to the present where the current state of digital audio is bleak. Katz explains the evolution of standards for dynamic range through the present and with implications for the future. He details the new methods that Apple is developing to accept high resolution audio and shows step by step how audio engineers and producers can take advantage of them. This book is designed for all those dealing with sound from sound engineers to music industry executives and musicians and those aspiring to all these roles. This book will help you understand the issues around delivering high quality environment and get all your facts straight for when you encounter resistance to good sound. Topics covered include: Contrasting the production of CD albums with iTunes albums, High Resolution audio, Dithering, Distortion and how to avoid it, Lossy Coding, Loudness Metering, Sound Check and how it affects our production techniques. New Television, Globalisation, and the East Asian Cultural Imagination Michael Keane, Anthony Y.H. Fung, Albert Moran, 2007-02-01 Challenging assumptions that have underpinned critiques of globalisation and combining cultural theory with media industry analysis Keane Fung and Moran give a groundbreaking account of the evolution of television in the post broadcasting era and how programming ideas are creatively redeveloped and franchised in East Asia In this first comprehensive study of television program adaptation across cultures the authors argue that adaptation transfer and recycling of content are multiplying to the point of marginalising other economic and cultural practices They also show that significant re-modelling of local TV production practices occur when adaptation is genuinely responsive to local values Examples of East Asian format adaptations include Survivor Who Wants to be a Millionaire The Weakest Link Coronation Street and Idol

International Handbook of Giftedness and Talent K. A. Heller, F. J. Mönks, R. Subotnik, Robert J. Sternberg, 2000-12-18 The first edition of this popular reference work was published in 1993 and received critical acclaim for its achievement in bringing together international perspectives on research and development in giftedness and talent

Scholars welcomed it as the first comprehensive volume in the field and it has proved to be an indispensable resource to researchers. Since the first edition the scholarly field of giftedness and talent studies has expanded and developed welcoming contributions from researchers in related disciplines. Several theoretical frameworks outlined in the first edition have now been empirically tested and a number of new trends have emerged. The Second Edition of the International Handbook of Giftedness and Talent provides an invaluable research tool to academics, researchers and students interested in the field of giftedness and talent. The contributors are renowned in the field and the broad range of topics on giftedness that have been studied in the past century right up to the late 1990s are represented in this volume. It is truly international in scope bringing together leading scholars and teachers from all around the world. This new edition has been fully updated and rewritten and includes 22 completely new chapters. It provides a comprehensive review and critical synthesis of significant theory, a unique cross-national perspective with contributions from over 100 distinguished authors covering 24 nations, significant contributions from scholars working in related fields, an increased focus on empirically supported scholarship and is arranged for quick and easy reference with comprehensive subject and author indexes.
