Where LNP's have been successful they have demonstrated the benefits of local engagement harnessing enthusiasm in finding solutions to local priorities Where they have not been successful the solution is not to impose additional tasks but to re energise the unfocussed local commitment Many LNP's are starved of funding and resources meaning much of the good work in getting them up and running is being undone The whole country urban as well as rural need the natural environment protections that LNP's can provide Rather than leave under performing LNP's to wither away the next Government should urgently review LNP's and their funding and re energise the initiative Nature Sir Norman Lockyer, 1877 Nature, 1884
