*Navajo* Wolfgang Lindg,1993-06-30 Chronicles the historical cultural and societal progress of the largest group of Native Americans The Navajo forged an ethnic identity centered on their skill at animal husbandry in areas thought largely uninhabitable Remaining always linked to the land they generated a rich cultural inventory combining complex ceremonial systems deeply resonant artforms and strong familial ties However the Navajo have faced major struggles enduring hostile treatment at the hands of Spanish explorers Anglo settlers and other local Indian groups Also relates the fight to revitalize Navajo culture in the shadow of the assimilating Amer lifestyle that surrounds them coinciding with the push towards a politically autonomous Navajo Nation More than 150 photos      **Social Change in the Southwest, 1350-1880** Thomas D. Faris,1996 This thorough critical examination of photographic practices calls attention to the inability of most photography to communicate the lived experiences of native people or their history Faris s survey beginning with the earliest photographs of Navajos in captivity at the Bosque Redondo and including the most recent glossy picture books and calendars points up the western assumptions that have always governed photographic representation of Navajo people Drawing on exhaustive archival research to unearth rarely published photographs as well as unpublished photographs by well known photographers Faris documents Navajo resistance to the West s view and viewfinder and persistent attempts to overcome or dismiss such resistance He challenges the photographic history of the Navajo people as presented by photographers historians and anthropologists and explores the social and legal conditions that make such photography possible Confronting many readers nostalgic expectations *Navajo and Photography* will appeal to all those with an interest in the juxtaposition of cultures      *Voices from Haskell* Myriam Vučković,2008 Draws on diary entries and correspondence from student to tell the story of the early years of Haskell Institute a government boarding school designed to civilize and acculturate Indians to Anglo American ideals Reveals how both resistance against and compliance with the dominant culture unified the students and erased traditional barriers between tribes      Prehistoric Culture Change on the Colorado Plateau Shirley Powell,Francis E. Smiley,2016-02 A collection of writings by participants in the Black Mesa Archaeological Project offers a synthesis of Kayenta area archaeology examining the ancestral Puebloan and Navajo occupation of the Four Corners region and analysing faunal lithic ceramic chronometric and human osteological data to construct an account of the prehistory and ethnohistory of northern Arizona that demonstrates how organizational variation and other aspects of culture change are largely a response to a changing natural environment      **Archaeology of Native North America** Dean R. Snow,2015-09-04 This comprehensive text is intended for the junior senior level course in North
