mediates the client's message against their own experiences of the world. He hoped in this way to stimulate a more active and skeptical view of art, communication, media, ownership and society. Projects such as Van Toorn's posters and catalogues for the Van Abbemuseum in Eindhoven and his long running series of calendars for the printing firm Mart Spruijt are powerful demonstrations of graphic design used as a means of commentary and as a tool of critique. Later as director of the Jan van Eyck Academy, Van Toorn drew together all the strands of his critical practice into a multi-levelled educational initiative that urged designers to think harder about design's role in shaping contemporary reality.
