## **Ministering In Depth Healing A Radical Approach To The Active Christian Life:**

**Ministering In-Depth Healing** Rachelle Hamlin, 2001-05-16 Ministering In Depth Healing or Mid as I call it after fifteen years writing it started as a dream I refer to the kind of dream that happens in sleep Whether Mid arose from the depths of my unconscious and was an entity before my conscious mind knew it existed or whether the idea was dictated by angels or God I cannot say What I know is that on the second floor of a townhouse in Reston Virginia I laid in sleep one night memorizing a list of words that scrolled over and over for hours The words were always in the exact same order and always at the end of the list I would think this thought These are chapters in a book Then the words Ministering In Depth Healing would appear and I knew that was the title Then the list would start all over and I would start memorizing again I think you should know that The following day when I remembered the dream I didn't remember the list So I sat down and asked the Holy Spirit to bring it back to my remembrance if it was from Him The list rolled out Now it was on my desk As before the last thing came last and I was dismayed It appeared to me that perhaps God was telling me to write a book but I didn't think I knew anything about what I saw on that paper I prayed God if this is really you then give me an outline for every chapter Out came the outline I was convinced but terrified I left in a hurry The next day I sat down at my desk and found the paper God I'm not arguing but if you are saying that I am supposed to write this book then help me write the first chapter and I will know that it's me that is supposed to write this book As evening crept through the glass wall and a sunset glimmered on the horizon the first chapter lay on the desk Now I had no escape I had presented my body as a living sacrifice and the God that answers by fire had met me there Those of you to whom this has never happened are saying Wow Those of you to whom it happens are saying She didn't have to say that I think I did but it's not wow either The book was there ready to happen only I didn't know it I had just been living my serendipity life without reflecting in any way that what I had learned was worth telling anyone else about Fifteen years later I have changed my mind about that Mid is worth reading It is a book that will heal Christians everywhere in the Body of Christ one person or one issue at a time It is not a book that will teach anyone how to heal It is about what happens when someone makes a commitment to become his brother's keeper and plunges into the fields that are white with harvest the everlasting harvest It's a longish book but I hope that its true stories and something in the way it is written will be fun for you and make you want to read it all It is written in three 12 chapter sections Physical Issues Personal Issues and Spiritual Issues 36 chapters in all It is non denominational in character and outlook It has one appendix a section on Care and Teaching Units It was integral to the book and I could not leave it out So I referenced it in my chapter on Teaching

**The Juggler of Notre Dame and the Medievalizing of Modernity** Jan M. Ziolkowski, 2018-10-31

This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a

statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today In this volume Jan Ziolkowski follows the juggler of *Notre Dame* as he cavorts through new media including radio television and film becoming closely associated with Christmas and embedded in children's literature Presented with great clarity and simplicity Ziolkowski's work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies
