Teaching and Understanding Pneumatology & Spiritual Gifts

Elijah E. Dunbar, 2009-05-22 The geographical extent of the orient and occident is a validation of the cultural and ideological differences that have existed with constancies between the two hemispheres throughout the ages of time. Ideological pluralism has been the common practice of the inhabitants of both spheres but with unique manifestations Christianity along with other religions are warmly embraced and pragmatically characterized by the orientals and occidentals with reserved peculiarities. Oriental Christians viewed pneumatology as being a significant particle of their theological and liturgical lives while Occidental Christians see Christology as the primal substance in Christianity. Although both groups have a history of singling out this distinction over the years theologians and theology have helped both sides understand the importance of both pneumatology and Christology in Christianity. It is concurredly understood that neither of the two can be studied or taught without the other. Their inseparable existence makes Christianity a complete whole. The author's exploration and literary expedition through myriad of sources allow him to compile data relevant to understanding the importance of the Holy Ghost and Spiritual gifts within the Christian community. Whether a secular or non secular intellectual you will find the information in this book to be rewarding, resourceful and informative. You will come across comments from some of humanity's and Christendom's finest and brightest academics in an eclectic form. Join the author now on his literary expedition. Welcome.

After 50 Years of Ministry Bob Russell,2016-05-13 If I had my entire life to live over I d choose to be a preacher again It s been extremely rewarding and gratifying But I could do ministry a lot better if given a second try As I look back on my forty years at Southeast Christian Church in Louisville KY I wish I had a mulligan This book lists seven things I d do differently and seven I d do about the same They are written in hopes they ll be a source of encouragement for those growing weary and losing heart I pray my observations will inspire others to conclude If he can do it I can too In this book I share both the joys and sorrows of my ministry both the successes and failures I m going to be as transparent as possible in hopes that it will encourage ministers to stand firm in the faith and be faithful unto death If just one minister is motivated to pick up the sword of the Spirit and re enter the battle it will be well worth the effort Bob Russell
