Miracle Moments Antonio Santos, 2003 Miracle moments are the cracks of light pouring into the ego's dark system. It is the ego which makes you a slave of time dreaming a dream of violence, pain, fear, guilt, and despair. Discover how to make of every meeting an opportunity for miracle moments opening your mind to experience the best that life has to offer, allowing the wisdom of the inner light to shine. What are miracle moments? How can we achieve them? What are the catalysts that make these moments possible? How can the notion of miracle moments be applied to our personal relationships, to psychotherapy, and to educational, organizational, and political settings? What can miracle moments teach us about race, religion, politics, and sex? The author Antonio Monteiro dos Santos brings together his experience of twenty-five years as a psychotherapist, the knowledge of A Course in Miracles, of The Bhagavad Gita, and of the Gospel of the Buddha to write this passionate book in answering these questions. His practice of yoga and meditation and his work and experience with the power of silence permeates his writings. The experience and wisdom of accomplished psychotherapists and communicators such as Carl R. Rogers, Virginia Satir, Eugene Gendlin, Erving Polster, John Grinder, Robert Stein, and Robert Nemiroff presented in this book add to its richness, making it into a profound statement about the crucial moments of life. **Paperbound Books in Print**

Encyclopedia of World Problems and Human Potential Union of International Associations, 1994 The destruction of wildlife habitats, organized crime, AIDS, illiteracy, acid rain, these are among the 130,000 topics documented and discussed in the new edition of the Encyclopedia. But its truly unique goal is to present this complex set of issues in ways that facilitate an organized response. To this end, the book also focuses on the complex relationship between problems and society's own ideological relationship with these problems. How do human priorities and perceptions aggravate or enable problems? What are the established and alternative responses? The Encyclopedia contains over 158,000 cross references between entries, an extensive 91,000 practical key term index, bibliographies, and full cross referencing to the Yearbook of International Organizations. For anyone concerned with the world community, here are the means to explore and participate in today's most crucial endeavors. Volume 2, Human Potential Transformation and Values, contains 7,700 entries reflecting a spectrum of problem-solving approaches based on such human development issues as self-learning, creativity, and modes of awareness. The volume also focuses on specific religious beliefs, value systems, and thought patterns. **Words on Cassette, 2002** R. R. Babits,2015-05-12 Chocolates are fine and flowers rarely disappoint but for relationships on the rocks nothing says I love you like the promise of renewal In *I m Not a Mind Reader* Babits reveals that too often even the smartest people have difficulty communicating and we ve learned over the years that love isn t enough to repair the normal wear and tear that occurs in relationships So what can couples do when even love itself fails Babits lays out a totally unique blueprint for renewal in *The I m Not a Mind Reader* explaining that every message from one partner to another can be considered in terms of three separate dimensions The surface level this is the literal meaning of what partners say to one another The emotional subtext of the message its emotional undertone The third dimension evaluating the first two and comparing them with the goal of creating emotional safety within the dialogue Armed with this formula whatever needs to be better understood resolved expanded or modified in the relationship can be addressed and communication brings coherence and connection The person who practices three dimensional communication lives in full and vibrant color compared with seeing everything in black and white This new method is vivid and textured it promotes the capacity to negotiate differences to clarify misunderstandings to heal confusions and to reinvigorate passion and trust
