Intellectual Production in Socialist Europe 1956-1968 ,2025-10-02 Between the Thaw and the Prague Spring Socialist Europe experienced a brief yet intense period of intellectual ferment Intellectual Production in Socialist Europe 1956 1968 explores the shifting landscape of literature philosophy literary theory and political thought in the wake of Stalinism and on the cusp of postmodernism Bridging cultural analysis and intellectual history this volume offers fresh insights into a period that shaped Socialist Europe for decades **Collier's** ,1913 Politics, Literature and Tertium Datur Ivana Perica,2025-08-21 Offers an alternate framing of the literary and political afterlives of revolution between 1928 1968 in Eastern and Western Europe Politics Literature and Tertium Datur combines the transfer of ideas between historical turning points with a comparative reading of political literatures in the European East and West to address the disparity between the abundance of scholarly accounts of 1968 and the simultaneous forgetting of developments in the interwar period that peaked around 1928 It deepens scholarly awareness of the transnational spaces of interwar literature and explores their afterlives in the post World War II period The book troubles and corrects Western European theories of 1968 by tracing the post war afterlives of shared interwar experiences that point towards a socialist third way or Georg Luk cs tertium datur and thus out of the conventionally understood East West binary It testifies to the existence of a literature that throughout the last century self consciously oscillated between the exigencies of organized politics and the aesthetic task of helping to shape the humanity of tomorrow Examining case studies of works by Bertolt Brecht Ivan Olbracht and August Cesarec among others Politics Literature and Tertium Datur excavates a series of problems optics and styles characteristic of the forgotten episodes of 20th century literary history It shows that the proverbial Iron Curtain was not impenetrable and that the walls and borders erected in the post war period could not completely suppress the reverberations and revival of projects that flourished in the political literary metropolises of the interwar period *The Series* Joe Hoppel,Sporting news,1988 Coverage of every World Series from 1903 to 1987 from the pages of The Sporting News **The Complete Idiot's Guide to Gambling Like a Pro** Stanford Wong,1999-04-01 You re no idiot of course You know that a full house beats a pair of kings and 21 is the magic number in blackjack But when you enter a casino you feel like a vacuum hose is going to suck money right out of your wallet Don t cash in your chips just yet The Complete Idiot s Guide to Gambling Like a Pro Second Edition explains all the games and strategies so you have a better chance at beating the odds **Corporate Risks and Leadership** Eduardo E.
