## Naval Review 1993:

*Naval Review 1990* ANONIMO, Naval Institute Press, 1990-01-01 These annual collector's editions feature articles on the key issues that have faced the U.S. Navy, Marine Corps, Coast Guard and Merchant Marine during the year. Each volume includes summaries of the sea services' most significant events and essays by leading authorities on personnel policies, aircraft and weapons developments and legislative issues. In addition, each heavily illustrated volume features photos and assignments of the flag and general officers and since 1998 senior enlisted leaders of the Navy, Marine Corps, Coast Guard and NOAA at the time the volume was published. Each special hardbound edition is embossed with the U.S. Naval Institute seal on the cover and gold lettering on the spine.

**War Beneath the Sea** Peter Padfield, 2008-05-02 Praise for War Beneath the Sea: I am truly filled with awe and admiration; fascinating and a great contribution to the entire lore of submarines. I wish I had written the book. Capt. Edward L. Beach, USN, Ret., author of Run Silent, Run Deep. Peter Padfield is the best British naval historian of his generation, now working. His book will now become the standard work on the subject. Daily Telegraph, London. Peter Padfield has produced by far the best and most complete critical history of the submarine operations of all the combatants in the Second World War at the same time providing vivid narrative accounts of particular actions and events. Lloyd's List, London. An excellent account of submarine warfare in 1939-45; it recreates the tribulations and horrors of that especially brutal form of warfare within a sturdily analytical and often critical framework. The Economist. A marvelously complete and detailed study of World War II submarine warfare, an interesting, serious and timely book. Houston Chronicle. A brilliant submarine warfare study. Military Review.

*Dictionary of the Modern United States Military* S.F. Tomajczyk, 2008-02-11 Warspeak: the language of the military can be for many civilians and for members of differing services an unintelligible hodgepodge of acronyms, slang terms and field operation expressions. Few laypersons may know that the Five F's is a derogatory expression, though Army, Navy, Marine, Air Force, Coast Guard and others know or can infer that chairborn commandos are administrative and support personnel. The more than 15,000 entries in this comprehensive dictionary provide an inside look at the United States military. Weapons systems, governmental agencies, electronic warfare, medical terms, military infrastructure, communications, satellites and intelligence systems are among the topics covered in depth. Also detailed are the acronyms and slang terms used by the soldiers in the field. The work provides numerous cross references for ease of use, along with a bibliography of over 2,200 sources.

**The Gulf Tanker War** Nadia El-Sayed El-Shazly, 2016-07-27 In the 1984 Tanker War, Iraq used its superiority in airpower as an instrument in naval warfare in a strategy designed to end combat. Iraq hoped to weaken Iran's economy and internationalize the war to force it to cease fighting or remove the government. Negotiations would follow with Baghdad in a position of strength. Although the Iran-Iraq War was first and foremost a ground war, an argument can be made that the Tanker War contributed to the 1988 ceasefire.
