**A Mingled Yarn** Henry major Tomlinson,1953      **A Mingled Yarn** Henry Major Tomlinson,1953 Essays and anecdotes by a mariner concerning journeys to faraway places and unusual people and his own chronicles of changing times      *A Mingled Yarn, Autobiographical Sketches, by H. M. Tomlinson* Henry Major Tomlinson,1953      *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      **Bread Winner** Emma Griffin,2020-04-14 The overlooked story of how ordinary women and their husbands managed financially in the Victorian era and why so many struggled despite increasing national prosperityNineteenth century Britain saw remarkable economic growth and a rise in real wages But not everyone shared in the nation s wealth Unable to earn a sufficient income themselves working class women were reliant on the breadwinner wage of their husbands When income failed or was denied or squandered by errant men families could be plunged into desperate poverty from which there was no escape Emma Griffin unlocks the homes of Victorian England to examine the lives and finances of the people who lived there Drawing on over 600 working class autobiographies including more than 200 written by women Bread Winner changes our understanding of daily life in Victorian Britain      *Childhood and Child Labour in the British Industrial Revolution* Jane Humphries,2010-06-24 This is a unique account of working class childhood during the British industrial revolution first published in 2010 Using more than 600 autobiographies written by working men of the eighteenth and nineteenth centuries Jane Humphries illuminates working class childhood in contexts untouched by conventional sources and facilitates estimates of age at starting work social mobility the extent of apprenticeship and the duration of schooling The classic era of industrialisation 1790 1850 apparently saw an upsurge in child labour While the memoirs implicate mechanisation and the division of labour in this increase they also show that fatherlessness and large subsets common in these turbulent high mortality and high fertility times often cast children as partners and supports for mothers struggling to hold families together The book offers unprecedented insights into child labour family life careers and schooling Its images of suffering stoicism and occasional childish pleasures put the humanity back into economic history and the trauma back into the industrial revolution      **The Letters of T. S. Eliot** T. S. Eliot,2011-01-01 The first volume of Eliot s correspondence covers his childhood in St Louis Missouri through 1922 when he married and settled in England Volume two covers the time period of Eliot s publication of *The Hollow Men* and his
