Changing Lives Mark Griffiths, 2017-11-17 This book offers practical insights and proven strategies for fostering a flourishing church community by transforming churches through effective family and kids ministry leadership. **Changing Lives** covers everything you need to know about working with children and families: the why to the how to the when to and the where to. Mark Griffiths examines the history, theology and practice of children's ministry and shares the wisdom he has gained from many years' experience of leading hundreds of groups, assemblies and youth services. In practical chapters backed with sample resources, he shows how to communicate with children in the brave new postmodern world of church, school and community. This one-stop resource covers everything from the vision for children's work to matters such as record keeping, home visits, timetables, child protection legislation and templates for lessons.

Family Ministry Field Guide Timothy Paul Jones, 2011 Scripture calls parents to train their children in the faith and to nurture their children's souls. Yet few parents actively engage in their children's spiritual development. How can churches best equip families to engage in their divine calling to disciple their children? Family ministry expert Dr. Timothy Paul Jones guides church leaders to develop a ministry system that equips parents to be the primary faith trainers in their children's lives, moving beyond mere programming into a deeper spiritual life at home, within the church and beyond. This resource is for leaders in the trenches: those who see parents disengaging from their children's spiritual development, see too many students leave for college and drop out of church, have heard of family ministry and just want to know more, or are frustrated with programmed ministries that fail to produce results. Based on solid research, this field guide unpacks how real-life churches can narrow the gap between present reality and the biblical ideal of faith nurturing families.

Publisher description: *A Theology for Family Ministries* Michael J. Anthony, Michelle D. Anthony, 2011 Experts develop a biblical theology for family ministry to help churches reach all types of families today from traditional nuclear homes to single-parent, blended and gay-parent families and beyond.

Presence-Driven Family Ministry Alicia White, 2016-06-26 In a world of church culture that has so many broken families, our churches have become broken. Broken families produce broken churches. This state of the church has not gone unnoticed in the last five or so years, and many pastors and leaders have tried to come up with solutions to pick back up the pieces of the church and put her back together again. But in some regards, we have tried to do it backwards. We have addressed the church corporately, trying to heal and restore ourselves from the outside rather than addressing the root of the issues lying within the people, the families that are the church. Just as much as healing and restoration in individuals must start from the inside out, the healing of our church must start the same way. At the core of every church is the family. The family was the first entity God created, way before the church herself. The one He chooses to multiply His kingdom through and the one who Satan Himself is after. I believe the paradigm of family ministry I divinely fell into and now pursue and run after is a significant answer to the broken families of our church. The work of the Lord within families has a rippling effect, touching every aspect of the church herself.

The paradigm of presence driven family ministry I am about to share with you is not meant to replace your children s ministry or certainly not adult ministry It is meant to be its own separate arm of children s ministry where the focus is completely centered around family It is to be an intentional effort to host regular family gatherings or services that engage both kids and parents into the presence of God the deep word of God and gifts of God through a unique paradigm and blueprint In the recent years family ministry has become a buzz word within the children s ministry community in response to the understanding that the family must be addressed in the church However although there is nothing wrong with family fun nights bowling parties and movie nights this is not what our family ministry is about Although fun in its own right presence driven family ministry addresses the spiritual aspects of the family according to the blueprint and heart of God set before us in His word In this book you will find God s heart for the generations how the family entity fits into God s Kingdom plan vision casting as to why presence driven family ministry is so important and desperately needed in the body the benefits and fruit of this type of ministry and a step by step blueprint on how to start and pursue presence driven family ministry in your church If you are willing to come along on this journey with me I promise your families your children s ministry and your church will never be the same
