**Connivance by Silence** Arif Humayun,2010-10-29 This book covers several themes and many message to different groups of Muslims around the world The underlying message is that under a defeatist mindset Muslim scholars adopted politically expedient positions through fatwas many of which are contrary to the scripture This was established through the Investigative Commision established in Pakistam in 1953 54 Their report documents this fact covered in Chapter 6 and Appendix 2 and exposed the many inconsistencies in the radical s doctrine The book essentially revolves around the findings of this report The recent terrorist events in Europe and the US and increasing radicalism in these societies can all be traced to the findings of that report The interconnection between the radicals doctrines and terrorist actions is overwhelming Terrorists and politicized clergy use those flawed interpretations to radicalize and recruit youngsters to their cadres Many Muslim scholars and leaders justify the terrorist strikes as retaliatory actions against the US or Western anti Islamic policies The only way to reverse this destructive trend is for Muslims to understand and reject the incorrect interpretations There are consequences for Muslims living in non Muslim countries because Muslim scholars and leaders testified that Muslims cannot be faithful citizens of a non Muslim government Europe has seen this trend and it is now starting in the US The Muslims living in non Muslim countries should clearly establish their loyalties It is therefore imperative for Muslims to be clear that Islam requires them to be faithful to their country

Sunni Chauvinism and the Roots of Muslim Modernism Teena U. Purohit,2026-03-31 Muslim intellectuals who sought to establish the boundaries of modern Muslim identity Muslim modernism was a political and intellectual movement that sought to redefine the relationship between Islam and the colonial West in the late nineteenth and early twentieth centuries Spearheaded by Muslim leaders in Asia and the Middle East the modernist project arose from a desire to reconcile Islamic beliefs and practices with European ideas of secularism scientific progress women s rights and democratic representation Teena Purohit provides innovative readings of the foundational thinkers of Muslim modernism showing how their calls for unity and reform led to the marginalization of Muslim minority communities that is still with us today Sunni Chauvinism and the Roots of Muslim Modernism offers fresh perspectives on figures such as Jamal al Din al Aghani Muhammad Abduh Muhammad Iqbal and Abul A la Mawdudi It sheds light on the exclusionary impulses and Sunni normative biases of modernist Muslim writers and explores how their aim to unite the global Muslim community which was stagnant and fragmented in their eyes also created lasting divisions While modernists claimed to represent all Muslims when they asserted the centrality and significance of unity they questioned the status of groups such as Ahmadis Bahais and the Shia more broadly Addressing timely questions about religious authority and reform in modern Islam this incisive book reveals how modernist notions of Islam as a single homogeneous tradition gave rise to enduring debates about who belongs to the Muslim community and who should be excluded
