**Ministry & Theology** John C. Thomas, 1996 This book is a collection of essays produced by a New Testament scholar and a seasoned pastor teacher Each chapter represents reflection on relevant issues of ministry and theology facing the church and its leaders

*Team Leadership In Christian Ministry* Kenneth O. Gangel, 1997-01-05 Team leadership is the exercise of one's spiritual gifts under the call of God to serve a certain group of people in achieving the goals God has given them toward the end of glorifying Christ How is your church or organization governed Does it have an authoritarian top down administration Is the ministry vision developed by a few top officials with little input from staff or volunteers Today the definition of an effective leader has changed No longer does the model leader manage like the Lone Ranger either do it his way or no way Today the model leader shares responsibility with fellow team leaders and seeks to serve them In this complete revision of his earlier work *Building Leaders for Church Education* Dr Gangel carefully lays a biblical foundation for the team leadership model This leadership is not dogmatic control or personality worship It has no room for political power plays Instead it is Paul gently nurturing young Christians in his epistles It is Barnabas willingly thrusting others into situations where they develop their own gifts It is Christ choosing not one but twelve men to carry on His ministry It is servant leadership With examples illustrations and suggestions for further reading at the end of each chapter Dr Gangel prods and encourages the reader to move beyond the safety net of autocratic leadership into the rewarding effective practice of leading with and through others

*Pentecostals and Charismatics in Britain* Joe Aldred, 2019-04-30 Although part of a worldwide Christian spirituality Pentecostals and Charismatics in the UK are rooted in British religiosity dating back to at least the 1920s However the emergence of migrant communities from the Caribbean and Africa since the 1950s has tended to attract popular attention and consequentially has come to represent the popular public

face of Pentecostals and Charismatics in Britain. Latterly however an intellectual base has begun resisting the anti intellectual reputation that has attached itself to Pentecostalism. This book draws upon the scholarship of eminent academics and practitioners in the field of Pentecostal and Charismatic studies who together consider the history of pentecostal and charismatic movements, their relationship with mainline Christian churches and their engagement with the social, economic and political world. Topics covered include the theological and doctrinal marks in British Pentecostalism, Anglican Pentecostal relations and the impact of the Vineyard movement on Charismatic and Pentecostal worship in the UK. Contributors include Professor Anne E Dyer, Mathersey Hall; Professor William K Kay, Chester University; Professor David Hilborn, Moorlands College; Dr R David Muir, University of Roehampton; and Dr Babatunde A Adedibu, Redeemed Christian Bible College, Nigeria. With a foreword by Justin Welby. Religious Leadership Sharon Henderson Callahan, 2013-05-20. This 2 volume set within The SAGE Reference Series on Leadership tackles issues relevant to leadership in the realm of religion. It explores such themes as the contexts in which religious leaders move, leadership in communities of faith, leadership as taught in theological education and training, religious leadership impacting social change and social justice and more. Topics are examined from multiple perspectives, traditions and faiths. Features Benefits: By focusing on key topics with 100 brief chapters, we provide students with more depth than typically found in encyclopedia entries but with less jargon or density than the typical journal article or research handbook chapter. Signed chapters are written in language and style that is broadly accessible. Each chapter is followed by a brief bibliography and further readings to guide students to sources for more in depth exploration in their research journeys. A detailed index, cross references between chapters and an online version enhance accessibility for today's student audience. **Encyclopedia of Christian Education** George Thomas Kurian, Mark A. Lamport, 2015-05-07. Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In The Encyclopedia of Christian Education, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, The Encyclopedia of Christian Education contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day, denominational and institutional profiles, intellectual traditions in Christian education, biblical

and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education     **Subject Guide to Books in Print** ,2001     *Serving the People of God's Presence* Terry L. Cross,2020-10-27 Leading theologian Terry Cross articulates the doctrine of the church s ministry from a Pentecostal perspective demonstrating how Pentecostals can contribute to and learn from the church catholic This companion volume to Cross s previous book *The People of God s Presence* proposes a radical revision of the structural framework of the local church within the often overlooked corporate priesthood of all believers Cross explores principles for leadership and ministry from the New Testament and the early church helping all believers to do the work of ministry     *Metaphors of Ministry* David W. Bennett,2004-01-28 Down through the centuries church leaders have studied the Gospels to discover patterns of leadership development that can be applied to their own context Yet the word leader does not appear in the Gospels Could it be that leadership has more to do with learning to follow than learning to command supervise or manage On right attitudes than on mastery of certain skills Many of the insights we need are embedded in the images which Jesus used to describe his followers So David W Bennett introduces his stimulating and scholarly study previously published under the title *Biblical Images for Leaders and Followers* He examines the many images and metaphors in the Gospels relating to how disciples follow Jesus and in turn influence others Then he moves on to survey much of the evidence to be found in the images of the rest of the New Testament Finally he draws some judicious conclusions for an understanding of Christian leadership in our own day The author has considerable cross cultural experience having taught church leaders in Japan India the Philippines Papua New Guinea Malaysia India Nepal Tanzania and Kenya in addition to pastoring churches in California Oregon and Massachusetts He has also traveled and done research among church leaders in Malawi South Africa Brazil Argentina Cambodia Vietnam China Korea Thailand Russia and the Czech Republic His aim is to stimulate thought on these questions in churches all over the world not just in the west     **The Christian Century** ,1930     **Predictive Factors for Transformative Learning within ACTEA-Related Theological Institutions in Ethiopia** Alemseged K. Alemu,2022-01-31 While most studies on the nature of transformative learning have been conducted from a Western perspective Dr Alemseged K Alemu explores the concept within an African context Utilizing a mixed methods approach he assesses the components of transformative learning as identified by students and faculty at five theological institutions in Ethiopia His study sheds light on effective educational practices within higher level institutions identifying four factors associated with holistic transformation and the role instructional strategy and interpersonal relationships play in fostering those elements This is an excellent resource for anyone seeking to cultivate an educational culture that does more than simply transmit information but rather shapes leaders transforms lives and empowers men and women to go forth and be like Christ     *The Congregationalist and Christian World*
