Ministry Traditions Tensions Transitions:

Ministry William J. Bausch, 1982 Pilgrim Church William J. Bausch, Carol Ann Cannon, Robert E. Obach, 1989 The more I listen to people the more I lecture the more I realize how wide is the gap between the people's understanding of the Church and the Church's historical realities Introduction The author seeks to close this gap by critically exploring such areas as the rich variety of ministries in the early Church the Crusades the piety of the Middle Ages the challenge of the Reformation the role of the pope the rise fall and recent reinstatement of the diaconate the changing role of women in the Church and the origins of various liturgies and popular devotions **Liturgy and Music** Robin A. Leaver, Joyce Ann Zimmerman, 1998 Liturgy and Music Lifetime Learning is not only for pastoral music majors but also for professional pastoral musicians pastors and liturgical practitioners This volume should help those involved with liturgy especially its music gain a basic knowledge of liturgy worship and an introduction to the scope and role of liturgical music and musicians in various Christian denominations Today's Parish, 1988 **The Parish in Catholic Tradition** James A. Coriden, 1997 This volume says James Coriden in his introduction allows the reader to reach an accurate understanding of the authentic nature and function of parishes within the Catholic tradition It describes the origins of parishes and their historical evolution offers a theology of parish as a local church links parishes to the church's social teaching and provides a comprehensive overview of their function in Roman Catholic law and their relationship to American civil law In clear nontechnical language the volume outlines the canonical status of Catholics as parishioners as well as their rights duties and forms of assembly and the relationship of parishes to other ecclesial and civil bodies Ministerial students clerical and lay ministers members of parish councils and laypersons generally will find this book an indispensable handbook for living and working within parish communities Christians of other denominations will make fruitful connections between their own congregational life and Roman Catholic experience BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Liturgy That Does Justice James L. Empereur, Christopher G. Kiesling, 2006-02-09 Doing Ministry in the Igbo Context Cajetan E. Ebuziem, 2011 Doing Ministry in the Igbo Context Towards an Emerging Model and Method for the Church in Africa arises out of reflection on experience and practice The volume reflects on the author's own cultural context religious heritage and pastoral functioning In addition it considers the author's personal experiences in relation to the common experiences of others within the author's cultural and religious traditions and places these experiences and the voices they represent into mutually critical correlation Thus commonalities and dissonances in them emerge leading to insights where to go from there in providing ministry to the People of God in the local church context and still within the framework of one universal church This book presents a contextual model of local theology that begins its reflection with the Igbo cultural context The Igbo or Nigerian or African Church can have a pattern of ministry with a model and a method that are consistent with the people's values To accomplish this goal a local cultural value must be explored and brought into the

scene Since the Igbo society is the heart of Christianity and Catholicism in Africa the author relies on Igboland as his situational context The exploration of the indigenous Igbo value of collaboration will be an advantage in ministering to the rest of the African people who have cultural resemblances to Igbos The African Church has to learn from the Igbo values of *ofumunna bu ike* Umunnais the basic Igbo unit and possibly the most powerful missionary force in Igboland and potentially an Igbo gift to the Church in Nigeria and Africa and even beyond Back cover **Catholicism Today** Matthew F. Kinast, 1985 This book lays the groundwork for a whole new theology of the role and mission of the laity in the Church It is a carefully considered and superbly articulate guide to a future that is already taking shape The basic characteristics of this ministry of caring are drawn from the pastoral tradition of the Church When these characteristics are set in a societal context they call for a vigorous love of the world a new form of lay authority a spirituality that emerges from the activity of caring and a community that comes into being with others who also care for society Book jacket **Horizons**, 1984
