Andrews,2015-07-18 Excerpt from Minnesota and Dacotah In Letters Descriptive of a Tour Through the North West in the Autumn of 1856 With Information Relative to Public Lands and a Table of Statistics The object of publishing these letters can be very briefly stated During the last autumn I made a tour into Minnesota upwards of a hundred and thirty miles north west of St Paul to satisfy myself as to the character and prospects of the territory All I could learn from personal observation and otherwise concerning its society and its ample means of greatness impressed me so favorably as to the advantages still open to the settler that I put down in the form of letters such facts as I thought would be of general interest Since their publication in the Boston Post a few requests which I could not comply with were made for copies of them all I was led to believe therefore that if I revised them and added information relative to unoccupied lands the method of preemption and the business interests of the territory they would be worthy of publication in a more permanent form About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
