**Minor Prophets, Part 2** Michael H Floyd,2000-02-14 In this volume Floyd presents a complete form critical analysis of the last six books in the Minor Prophets Nahum Habakkuk Zephaniah Haggai Zechariah and Malachi By looking carefully at the literary genre and internal structure of each book Floyd uncovers the literary conventions that help shape the composition of these prophetic books in their final form His approach yields fresh views of how the parts of each book fit together to make up the whole particularly with respect to Nahum Haggai and Malachi and provides a basis for reconsidering how each book is historically related to the time of the prophet for whom it is named This work will be useful to scholars because it advances the discussion regarding the holistic reading of prophetic books and useful to pastors and students because it shows how analysis of literary form can lead to a more profound understanding of the messages of the Minor Prophets    *Forms of the Old Testament Literature: Minor Prophets, Part 2* Michael H. ### **The Fiery**

**Warnings of the Minor Prophets (Part III)** James Thomas Lee, Jr,2023-08-10 In this third and final part of the study of the Minor Prophets the writings of the Prophets Zephaniah Haggai Zechariah and Malachi are examined With Zephaniah one can examine the prophecies against and the warnings to Philistia Moab Ammon Ethiopia Assyria and Judah With Haggai one can read about the people who had returned to Jerusalem from Babylon being caught up in their own interests and priorities rather than in the things of the Lord For one thing they had built themselves nice homes But they had not rebuilt the temple that had been destroyed by Nebuchadnezzar in 586 BC So Haggai was dispatched to the scene to pump up the people and get them started on the temple With the Prophet Zechariah one can see the eight visions that the Lord had given him Then one can also see some other prophecies that he had made that were relevant to the times to the First Coming of Jesus to the Second Coming of Jesus and to the Millennial kingdom With Malachi one can read the words of the final Minor Prophet to the children of Israel They had returned from Babylon and had not paid their tithes That had forced the priests into the fields so that they could earn their living The problem with that is that the work of the temple was being ignored Malachi and Nehemiah had lived at the same time So Nehemiah was also involved with the tithes not being paid and with the work of the temple being ignored So some of that will be discussed in this text with the examination of the book of Malachi Not only was Malachi shown as the last Minor Prophet but he was also actually the last prophet in Israel to write scriptures for the Old Testament After he was gone the Lord remained silent to His people until the coming of Jesus about four hundred years later In every part of the Bible one can learn some important truths The book of Psalms for example is a collection of experiential writings by its different authors If one is having a bad day then he or she can find the writings of many psalmists who were having bad days If one is depressed or troubled then similar writings can be found in the book of Psalms The book of Proverbs is the book of wisdom Follow its teachings and bypass many of the troubled paths of this life In the book of Genesis one can find how everything in this world got started In the book of Revelation one can see how it will all end In the history

books of the scriptures one can see how the Lord has worked through the children of Israel for the two thousand years before the Incarnation of Jesus In the books of the prophets one can see how the Lord had sent His messengers to the world to warn its people when they were headed in the wrong direction He is still sending such people to the world today So every part of the Bible has truth and value for those who are looking for such things The Oxford Handbook of the Minor Prophets Julia M. O'Brien,2021 The Oxford Handbook of the Minor Prophets provides a clear and engaging one volume guide to the major interpretative questions currently engaging scholars of the twelve Minor Prophets Essays by both established and emerging scholars explore a wide range of methodological perspectives Majoring in the Minor Prophets Charles U. Wagner,1970

Majoring in the Minors Neal Pollard,2013-09 Here are six men Hosea Joel Amos Obadiah Jonah and Micah who stand shoulder to shoulder in the inspired canon of scripture They never would have been in the same room together separated by time travel and task They could each tell personal tales of heartache sacrifice and trial disappointment and disbelief Their message to the man was piercing and convicting We know almost nothing about the personal history of a couple of them A couple of the others have their personal lives intertwined in their message The diversity is more than fascinating It is proof of the Divine hand in their writing From these men we learn much about God man and man s relationship with his God Upon the pages of this volume you will find a thorough explanation of the biblical text as well as rich application for our lives in today s world Though ancient by date the material examined by these writers is thoroughly modern by way of relevance We invite you to read its contents and build your appreciation for the major messages of these minor prophets **The Minor Prophets** William Hamilton,2023-12-31 A drive into the first six books of the Minor Prophets detailing both the literal and spiritual or symbolic meanings Despite being called minor prophets they have great messages to tell and make up for their short length with concentrated power This book covers Hosea Joel Amos Obadiah Jonah and Micah **A Commentary on the Minor Prophets (Part II)** James Thomas Lee, Jr,2025-01-08 In this second part of this study of the Minor Prophets the writings of Obadiah Jonah Micah Nahum and Habakkuk are examined With Obadiah one can see the land of Edom and why the Edomites had thought that they were safe from outside attackers Their land was very mountainous and easy to defend Nevertheless in about 583 BC they did fall to the Babylonians With Jonah one can see the viciousness of the Assyrians in the Eighth Century BC Everyone was afraid of them because of their brutality against their enemies Nevertheless at the preaching of Jonah they had repented and the Lord did not destroy them Then in a complete ironic twist the Assyrians overthrew the northern kingdom about fifty years or so after Jonah had gone to Nineveh After the book of Jonah was the book of Micah In Micah s prophecies he wrote three oracles The first was to wake up the heathen nations around Israel The second was to condemn the evil practices of the wealthy against the poor The third was to have a mock public trial against Israel In the book of Nahum the Lord through Nahum had next indicated His judgment against Nineveh and had then described its fall in four different ways Nineveh became a violent bloody city Nineveh was destroyed by debauchery and sin

Nineveh was destroyed when the men became like women Nineveh was destroyed by fire the sword and locusts Then in the book of Habakkuk which was written at some time before the southern kingdom fell to Babylon the Lord through Habakkuk had written about the rise and fall of Babylon So what was apparent in the book of Nahum and then in the book of Habakkuk was that the Lord had used Babylon in 612 BC to punish Assyria for having been so cruel to the northern kingdom The northern kingdom never existed again after falling to the Assyrians in 722 BC The Lord had then used the Medes and Persians in 539 BC to punish Babylon for having been so cruel to the southern kingdom and for destroying the temple in 586 BC The southern kingdom was then in captivity in Babylon for seventy years before returning home So in every part of the Bible one can learn some important truths The book of Psalms for example is a collection of experiential writings by its different authors If one is having a bad day then he or she can find the writings of many psalmists who were having bad days If one is depressed or troubled then similar writings can be found in the book of Psalms The book of Proverbs is the book of wisdom Follow its teachings and bypass many of the troubled paths of this life In the book of Genesis one can find how everything in this world got started In the book of Revelation one can see how it will all end In the history books one can see how the Lord had worked through the children of Israel for the two thousand years before the Incarnation of Jesus In the books of the prophets one can see how the Lord had sent His messengers to the world to warn its people when they were headed in the wrong direction He is still sending godly people to this world today So every part of the scriptures has truth and value for those who are truly looking for such things

*Minor Prophets II (Understanding the Bible Commentary Series)* John Goldingay,Pamela J. Scalise,2012-07-01

The Minor Prophets are those dozen Old Testament books that in the time of Jesus were usually written on one scroll since they were all fairly brief The late Elizabeth Achtemeier prepared the New International Biblical Commentary on the first six Hosea Joel Amos Obadiah Jonah and Micah This second volume deals with the final six books John Goldingay writes on Nahum Habakkuk Zephaniah and Haggai Pamela Scalise takes on the longest Zechariah and the last Malachi Like the authors of other volumes in the NIBC Goldingay and Scalise utilize what is referred to as believing criticism when examining the biblical texts Based on fidelity to critical analysis and sensitivity to the faith of both ancient and contemporary readers this balanced approach enriches both the academy and the church Following the series guidelines the authors clearly explain the texts with additional notes regarding interpretation and practical reflection For example Goldingay issues a reminder that when the prophets spoke against the arrogance and sins of Assyria and Babylon the Israelites needed to hear the word of God as a caution against their own pride and wickedness He goes on to suggest that modern readers must remember as well that the same attitudes and actions that led to the downfall of these ancient Middle East empires can fall upon any and all who follow their example The New International Biblical Commentary

offers the best of contemporary scholarship in a format that both general readers and serious students can use with profit Based on the widely used New International Version translation the NIBC presents careful section by section exposition with key terms and phrases highlighted and all Hebrew transliterated A separate section of notes at the close of each chapter provides additional textual linguistic cultural and technical comments Each commentary also includes a selected bibliography as well as Scripture and subject indexes

The Fiery Warnings of the Minor Prophets (Part II) James Thomas Lee, Jr, 2023-06-23 In this second part of this study of the Minor Prophets the writings of Obadiah Jonah Micah Nahum and Habakkuk are examined With Obadiah one can see the land of

Edom and why the Edomites had thought that they were safe from outside attackers Their land was very mountainous and easy to defend Nevertheless in about 583 BC they did fall to the Babylonians With Jonah one can see the viciousness of the Assyrians in the Eighth Century BC Everyone was afraid of them because of their brutality against their enemies

Nevertheless at the preaching of Jonah they had repented and the Lord did not destroy them Then in a complete ironic twist the Assyrians overthrew the northern kingdom about fifty years or so after Jonah had gone to Nineveh After the book of Jonah was the book of Micah In Micah's prophecies he wrote three oracles The first was to wake up the heathen nations around Israel The second was to condemn the evil practices of the wealthy against the poor The third was to have a mock public trial against Israel In the book of Nahum the Lord through Nahum had next indicated His judgment against Nineveh and had then described its fall in four different ways Nineveh became a violent bloody city Nineveh was destroyed by debauchery and sin Nineveh was destroyed when the men became like women Nineveh was destroyed by fire the sword and locusts Then in the book of Habakkuk which was written at some time before the southern kingdom fell to Babylon the Lord through Habakkuk had written about the rise and fall of Babylon So what was apparent in the book of Nahum and then in the book of Habakkuk was that the Lord had used Babylon in 612 BC to punish Assyria for having been so cruel to the northern kingdom The northern kingdom never existed again after falling to the Assyrians in 722 BC The Lord had then used the Medes and Persians in 539 BC to punish Babylon for having been so cruel to the southern kingdom and for destroying the temple in 586 BC The southern kingdom was then in captivity in Babylon for seventy years before returning home So in every part of the Bible one can learn some important truths The book of Psalms for example is a collection of experiential writings by its different authors If one is having a bad day then he or she can find the writings of many psalmists who were having bad days If one is depressed or troubled then similar writings can be found in the book of Psalms The book of Proverbs is the book of wisdom Follow its teachings and bypass many of the troubled paths of this life In the book of Genesis one can find how everything in this world got started In the book of Revelation one can see how it will all end In the history books one can

see how the Lord had worked through the children of Israel for the two thousand years before the Incarnation of Jesus In the books of the prophets one can see how the Lord had sent His messengers to the world to warn its people when they were headed in the wrong direction He is still sending godly people to this world today So every part of the scriptures has truth and value for those who are truly looking for such things **Notes on the Minor Prophets** Henry Allan

Ironside,2012-05-01 [Ruin and Restoration](#) John Hartog,1998 [A Commentary on the Minor Prophets \(Part I\)](#) James Thomas Lee, Jr,2025-01-08 This first part of this series about the minor prophets covers the book of Hosea through the book of Amos The Prophet Hosea lived during the middle Eighth Century BC and prophesied to the northern kingdom of Israel He was the prophet when the northern kingdom fell to Assyria in 722 BC He was probably even killed during that time or taken into exile The historical record is not clear about that point But he had prophesied gloom and doom to the northern kingdom over its idol worship while the false prophets at that time had been painting a rosy picture for the kingdom because of its prosperity People are always hurt when their messengers are not telling them the truth and the northern kingdom was clearly hurt by their prophets and priests who were not being honest with them So it was a time in Israel that is not much unlike today in this world There are in existence today prosperity preachers and name it claim it preachers who paint a pretty picture that is not very close to sound biblical teachings So that might mean that people today may need to take caution just like the people in the northern kingdom had needed to do The other two minor prophets who were discussed in this text were Joel and Amos Joel had probably lived in the early Eighth Century BC at a time when there had been a severe multiple year outbreak of locusts throughout the land In writing his prophecy he had drawn many parallels of the destructiveness of the locusts to the destructiveness of the ungodly lifestyle of the people in the southern kingdom He was also the first prophet in the scriptures to write about the day of the Lord which will take place at the end of the Age with the Great Tribulation the Second Coming of Jesus and the one thousand year Millennial reign of Jesus on this earth The final prophet who was discussed in this text was Amos He was a herdsman from the southern kingdom who had been sent by the Lord to prophesy to the northern kingdom The northern kingdom did not have many prophets in the early Eighth Century BC to warn them about their worship of idols So the Lord sent them one even though they for the most part ignored what he had said In every part of the Bible one can learn some important truths The book of Psalms for example is a collection of experiential writings by its different authors If one is having a bad day then he or she can find the writings of many psalmists who were having bad days If one is depressed or troubled then similar writings can be found in the book of Psalms The book of Proverbs is the book of wisdom Follow its teachings and bypass many of the troubled paths of this life In the book of Genesis one can find how everything in this world got started In the book of Revelation one can see how it will all end In the history books of the scriptures one can see how the Lord has worked through the children of Israel for the two thousand years before the Incarnation of Jesus In the books of the prophets one can see how the Lord sent His messengers to the world
