The Minority Presence in American Literature, 1600-1900 Philip Butcher, 1977 **The Minority Presence in American Literature, 1600-1900** Philip Butcher, 1977 **The Minority Presence in American Literature, 1600-1900** Philip Butcher, 1977 *Afro-American Life, History and Culture*, 1985 *African American Servitude and Historical Imaginings* M. Jordan, 2004-08-20 In *African American Servitude and Historical Imaginings* Margaret Jordan initiates a new way of looking at the African American presence in American literature Twentieth century retrospective fiction is the site for this compelling investigation about how African American servants and slaves have enormous utility as cultural artifacts objects to be acted upon agents in place or agents provocateurs Jordan argues that those who even those seemingly innocuous infrequently visible or silent servants are vehicles through which history culture and social values and practices are cultivated and perpetuated challenged and destabilized Jordan demonstrates how African American servants and servitude are strategically deployed and engaged in ways which encourage a rethinking of the past She examines the ideological underpinnings of retrospective fiction by writers who are clearly social theorists and philosophers Jordan contends that they do not read or misread history they imagine history as meditations on social realities and reconstruct the past as a way to confront the present **Richard Wright** Kenneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908-1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son* By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics *The United States and Latin America* Fredrick B. Pike, 2010-07-05 The lazy greaser asleep under a sombrero and the avaricious gringo with money stuffed pockets are only two of the negative stereotypes that North Americans and Latin Americans have cherished during several centuries of mutual misunderstanding This unique study probes the origins of these stereotypes and myths and explores how they have shaped North American impressions of Latin America from the time of the Pilgrims up to the end of the twentieth century Fredrick Pike's central thesis is that North Americans have identified themselves with civilization in all its manifestations while viewing Latin Americans as hopelessly trapped in primitivism the victims of nature rather than its masters He shows how this civilization nature duality arose from the first European settlers perception that nature and everything identified with it including American Indians African slaves all women and all children was something to be

conquered and dominated This myth eventually came to color the North American establishment view of both immigrants to the United States and all our neighbors to the south *Catalog of Copyright Entries.
