## **Mirror And The Hammer:**

**The Mirror and the Hammer** Ernesto Spinelli,2004-06-16 It is surely worth reading not only by the author s fellow psychiatrists but also by psychologists in general Contemporary Psychology I found this book a joy to read Each chapter sets out the orthodoxy in question then proceeds to explain lucidly the author s difficulties with this orthodoxy and to suggest an alternative way of looking at the issues Self and Society Psychotherapy s influence seems all pervasive today But to what end Is helping people really therapy s main mission This provocative book explores the alternatives to psychotherapeutic orthodoxies on such vital issues as sexuality the self the unconscious creativity and the dilemma of evil Erensto Spinelli challenges psychotherapy asking if it has retreated from its early promise of being a pivotal agent in our attempts to discover what it means to be human in exchange for its current role as a pacifier of personal and social unease
