**A Wild Deer amid Soaring Phoenixes** Ding Xiang Warner,2003-09-30 Credited in China as a transitional figure Wang Ji 590-644 is known for his revival of eremitic themes from the earlier Wei Jin period and for anticipating the rise of regulated verse forms in the golden era of Tang poetry Yet throughout the centuries Wang Ji has puzzled readers and sometimes offended their moral sensibilities by his unapologetic celebrations of his life as a round the clock drinker Until now scholars have treated him primarily as a problem of biography and have struggled to find evidence in his work for his reclusive and unwieldy character and once and for all to tell the story of his life and thought This in depth study of the early Tang dynasty poet the first to be published in a Western language surveys the complete range of Wang Ji's enigmatic literary self representation and proposes new ways of understanding the poetics behind his practice
