Miscellanea Guenon Rene Works:

Miscellanea René Guénon, 2003-12 Ren Gu non 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization *Miscellanea* gathers together for Anglophone readers various articles by Ren Gu non and by Palingenius his pseudonym during the time of *La Gnose* a journal he founded in 1909 These articles have been divided into three categories Metaphysics and Cosmology Traditional Arts and Sciences and Some Modern Errors A sampling of chapters Monotheism and Angelology Spirit and Intellect Silence and Solitude The Empiricism of the Ancients Gnosis and the Spiritist Schools The Origins of Mormonism On the Production of Numbers On Mathematical Notation Initiation and the Crafts and The Arts yet the capacity for intellectual insight is not an acquisition but a gift it is developed not by adding something but by removing a veil Some of the essays collected in this text could be considered Gu non s juvenalia yet the unerring instinct for metaphysical truth is already there fully formed along with the first stirrings of the author s lifelong preoccupation with initiatic spirituality the cosmological sciences and the errors of modernity there is no real incompatibility of outlook here between the Gu non of 1909 and the Gu non of 1950 Far from being a mere collection of fugitive writings *Miscellanea* is an important work in its own right worthy of its own unique place in the Gu nonian corpus

The Simple Life of René Guénon Paul Chacornac, 2005-05 Ren Gu non 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization The present volume first published in 1958 by Gu non s friend and collaborator Paul Chacornac whose bookstore journal first called *Le Voile d Isis* later changed to *tudes Traditionnelles* and publishing venture *ditions Traditionnelles* were so instrumental in furthering Gu non s work was the first full length biography of this extraordinary man to appear and has served as the foundation for the many later biographies that have appeared in French as well as the lone biography in English *Ren Gu non and the Future of the West* by Robin Waterfield Its translation and publication in conjunction with *The Collected Works of Ren Gu non* represents an important

step in the effort to bring Gu non s oeuvre before a wider public René Guénon and the Future of the West Robin Everard Waterfield,2002 The first English language biography of the well known traditionalist metaphysican Ren Gu non including a separate section assessing the impact of his work in the Western world and an extensive annotated bibliography **Rene Guenon and the Future of the West** Robin Waterfield,2005-03 Reni Guinon 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization This is the only biographical introduction to Guinon currently available in English Sophia Perennis will soon publish another biography The Simple Life of Reni Guinon written shortly after Guinon s death by his close friend and publisher PaulChacornac After a lonely childhood often interrupted by ill health Guinon navigated the seductive half truths of occultism toward a deeper unified vision offering a way out from the confusion and fragmentation of our time Against the seemingly inexorable process of dissolution the twentieth century experienced Guinon pointed to the transcendent unity of all religious faiths and the abiding Truth that contains them all **The Reign of Quantity & the Signs of the Times** René Guénon,2001 Critique of modern Western civilization from the point of view of traditional metaphysics **The Reign of Quantity and the Signs of the Times** René Guénon,2001 The Reign of Quantity gives a concise but comprehensive view of the present state of affairs in the world as it appears from the point of view of the ancient wisdom formerly common both to the East and to the West but now almost entirely lost sight of The author indicates with his fabled clarity and directness the precise nature of the modern deviation and devotes special attention to the development of modern philosophy and science and to the part played by them with their accompanying notions of progress and evolution in the formation of the industrial and democratic society which we now regard as normal Gu non sees history as a descent from Form or Quality toward Matter or Quantity but after the Reign of Quantity modern materialism and the rise of the masses Gu non predicts a reign of inverted quality just before the end of the age the triumph of the counter initiation the kingdom of Antichrist This text is considered the magnum opus among Gu non s texts of civilizational criticism as is Symbols of Sacred Science among his studies on symbols and cosmology and Man and His Becoming according to the Vedanta among his more purely metaphysical works **American Book Publishing Record** ,2004 **Mountain Path** ,2005 *National Union Catalog* ,1973 Includes entries for maps and atlases *Subject Catalog* , 1975 Library of Congress,1975 *Subject Catalog* Library of Congress, *Bibliographic Guide to Psychology* New York Public Library.
