Miscellaneous Studies Walter Pater,1904 **Miscellaneous Studies** Walter Pater,2017-04-21 Some indeed may find in the very delicacy the curiosity with which such distinctions are drawn by Pascal s friends as well as by their foes only the impertinence the profanities of the theologian by profession all too intimate in laying down the law of the things he deals with the things which eye hath not seen pressing into the secrets of God s sublime commerce with men in which it may be He differs with every single human soul by forms of thought adapted from the poorest sort of men s dealings with each other from the trader or the attorney Pascal notes too the impious buffooneries of his opponents The good Fathers perhaps only meant them to promote geniality of temper in the debate But of such failures failures of taste of respect towards one s 65 own point of view the world is ever unamiably aware and in the Letters there is much to move the self complacent smile of the worldling as Pascal describes his experiences while he went from one authority to another to find out what was really meant by the distinction between grace sufficient grace efficacious grace active grace victorious He heard for instance that all men have sufficient grace to do God s will but it is not always prochain not always at hand at the moment of temptation to do otherwise Miscellaneous Studies in Prose ,1911 MISC STUDIES A SERIES OF ESSAY Walter 1839-1894

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers.
