THE STRANGE LIFE OF
FREDERICK EXLEY

JONATHAN YARDLEY

Misfit The Strange Life Of Frederick Exley

Steven Earnshaw

Misfit The Strange Life Of Frederick Exley:

Misfit Jonathan Yardley, 1997 Frederick Exley was at once unique and prototypical. He inhabited his own bizarre universe and obeyed no rules except his own yet he was a familiar and characteristic American literary type: an author whose reputation rests on a single book. His life, which he described and disguised and distorted in all three of his books, rivaled his fiction. Everything he did involved a struggle and the most important struggle of his life was his writing out of that strife came *A Fan's Notes*, which Jonathan Yardley believes is one of the best books of our time. Exley was an alcoholic who drank in copious amounts yet he always sobered up when he was ready to write. In his younger days he did time in a couple of mental institutions which imposed involuntary discipline on him and helped him start to write. He was personally and financially irresponsible; he had no credit cards, no permanent address, and ambiguous relationships with everyone he knew yet people loved him and took care of him. The center of Fred's strange world was Watertown in upstate New York where he was born and grew up. Other important points of his compass included various places in Florida and Hawaii and a funky bar in New York's Greenwich Village called the Lion's Head. No matter where he was in the dark of night he phoned friends and subjected them to interminable monologues. To many these were a nuisance and an imposition but later in the light of day they were remembered with affection and gratitude. In *Misfit*, the Pulitzer Prize winning book critic of *The Washington Post* portrays in full one of the most tormented, distinctive, and talented writers of the postwar years. Exley's story, which in Yardley's telling reads as if it were a novel, reveals a singular personality: raunchy, vulgar, self-centered, and even infantile yet also loyal, self-deprecating, and unfailingly humorous. Sympathetic and affectionate, honest and unsparing, Yardley's portrait gives us a man who sacrificed everything in order to write and who becomes even more than before his own most memorable creation.

American National Biography John A. Garraty, Mark C. Carnes, 2005-05-12 American National Biography is the first new comprehensive biographical dictionary focused on American history to be published in seventy years. Produced under the auspices of the American Council of Learned Societies, the ANB contains over 17,500 profiles on historical figures written by an expert in the field and completed with a bibliography. The scope of the work is enormous, from the earliest recorded European explorations to the very recent past.

The Impossible Craft Scott Donaldson, 2015-02-23 In *The Impossible Craft*, Scott Donaldson explores the rocky territory of literary biography, the most difficult that biographers try to navigate. Writers are accustomed to controlling the narrative and notoriously opposed to allowing intruders on their turf. They make bonfires of their papers, encourage others to destroy correspondence, write their own autobiographies, and appoint family or friends to protect their reputations as official biographers. Thomas Hardy went so far as to compose his own life story to be published after his death while falsely assigning authorship to his widow. After a brief background sketch of the history of biography from Greco-Roman times to the present, Donaldson recounts his experiences in writing biographies of a broad range of twentieth-century American writers: Ernest Hemingway, F. Scott Fitzgerald, John Cheever, Archibald MacLeish, Edwin

Arlington Robinson Winfield Townley Scott and Charlie Fenton Donaldson provides readers with a highly readable insiders introduction to literary biography He suggests how to conduct interviews and what not to do during the process He offers sound advice about how closely biographers should identify with their subjects He examines the ethical obligations of the biographer who must aim for the truth without unduly or unnecessarily causing discomfort or worse to survivors He shows us why and how misinformation comes into existence and tends to persist over time He describes the mythical ideal biographer an imaginary creature of universal intelligence and myriad talents beyond the reach of any single human being And he suggests how its very impossibility makes the goal of writing a biography that captures the personality of an author a challenge well worth pursuing
