MISGIVINGS

"Perhaps you'll tire of me," muses
my love, although she's like a great city
to me, or a park that finds new
ways to wear each flounce of light
and investiture of weather.
Soil doesn't tire of rain, I think,

but I know what she fears: plans warp,
planes explode, topsoil gets peeled away
by floods. And worse than what we can't
control is what we could; those drab,
scuttled marriages we shed so
gratefully may augur we're on our owns

for good reasons. "Hi, honey," chirps Dread
when I come through the door; "you're home."
Experience is a great teacher
of the value of experience,
its claustrophobic prudence,
its gloomy name-the-disasters-

in-advance charisma. Listen,
my wary one, it's far too late
to unlove each other. Instead let's cook
something elaborate and not
invite anyone to share it but eat it
all up very very slowly.

Misgivings Richard Howard, 1979-05 **Misgivings** Richard Howard, 1979 *Misgivings* Charles Kenneth Williams, 2000 Williams's father was an ordinary businessman angry, demanding, addicted to the tension he created with the people he loved a man who could recite the Greek myths to his son yet vowed never to apologize to anybody Williams's mother was a housewife a woman with a great capacity for pleasure who was stoical about the family's dire early poverty yet remained affected by it even when they became well off Together these two formed what Williams calls the conspiracy that made me who I am His account of their life together and of their deaths his father's in a final abandonment of the will to live his mother's with calm resignation is a literary form of the reconciliation the family achieved at the end of his parents' lives composed as a series of short takes a double helix of experience and recollection **BOOK JACKET** **Moods and Misgivings** M Doris Connelly, 2012-04-01 **Tales, Poems, and Other Writings** Herman Melville, 2002-07-09 From short masterpieces like *Bartleby the Scrivener* and *Billy Budd* to more obscure even completely unknown works like the epic poem *Clarel* Melville's stories and poems rank among his greatest and most gripping work This unique anthology the first of its kind in fifty years gathers together all of Melville's tales as well as a judiciously edited array of his prose poems literary criticism letters lectures and poetry Though few realize it today poetry was Melville's abiding passion yet his poetry has never received the recognition it deserves until now Containing many writings available nowhere else and edited by leading Melville scholar John Bryant *Tales Poems and Other Writings* includes a comprehensive introductory essay and extensive in many cases groundbreaking editorial commentary It opens a window onto Melville's writing process he was a ceaseless reviser and experimenter and reveals his career long evolution as a writer as well as the full breadth of his literary achievement And it marks a new stage in our ability to appreciate not only the work of one of our greatest writers but the immense dedication that lay behind it John Bryant is a professor of English at Hofstra University He has published five books and numerous articles on Melville and is the editor of the Penguin Classics edition of *Typee* and the Modern Library edition of *The Confidence Man* He has been the general editor of the Melville Society one of the oldest and largest single author societies in America since 1990 *Selected Poems* Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical

of selection Because Selected Poems usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced

Performing the Literary Interview John Rodden, 2001-01-01 When authors are interviewed about their books or themselves much more is going on than a simple conversation The interview becomes a performance space for authorial orchestration and self promotion and interviewers in turn respond to such self display and theatrics Featuring absorbing conversations with nine well known authors including poets Richard Howard and Gerald Stern novelist Isabel Allende and scholar intellectual Camille Paglia Performing the Literary Interview is the first in depth look at this type of performance art Interviews with poets fiction writers and intellectuals enable John Rodden to identify a range of rhetorical strategies and their effects and to formulate a typology for appreciating the various roles that interviewers and interviewees assume Traditionalists foreground their work rather than themselves raconteurs are storytellers who skillfully spin anecdotes and creatively showcase their personalities and

advertisers more explicitly use the literary interview to promote and sell themselves This pioneering persuasive study stakes a claim to a new area of scholarly inquiry in the humanities The literary interview can no longer be considered only as a voyeuristic window on an author or a celebrity vehicle or even an entertaining diversion but should also be approached as a serious genre meriting scholarly attention and analysis Duanaire Dháibhidh Uí Bhruadair: Containing poems down to the year 1666.
