*Misogynies* Joan Smith, 2013-05-07 *Misogynies* is one of the most celebrated feminist texts by a British author First published in 1989 it created shock waves with its analyses of history literature and popular culture Joan Smith drew on her own experience as one of the few women reporting the Yorkshire Ripper murders and looked at novels slasher movies Page Three and Princess Diana teasing out the attitudes that brought them together A feminist classic Smith's exploration of fear and hatred of women resonates to this day

**Misogynies** Joan Smith, 1993-01 *Making Sense of Women's Lives*, Lauri Umansky, Michele Plott, 2000-08-01 *Making Sense of Women's Lives* presents a wide range of writings about women's lives in the United States Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits the editors have also chosen writing that makes an enjoyable read A few of the selections here represent the undisputed classics of the field More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America *Making Sense of Women's Lives* is intended as the primary text in Women's Studies courses With that usage in mind Plott and Umansky have provided brief introductions to each article to help students understand the author's perspectives Thought and discussion questions follow each selection The book contains as well numerous Flash Exercises suggestions for class exercises and activities The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women's Studies A Collegiate Press book

*Handbook of Research Methods on Gender and Management* Stead, Valerie, Elliott, Carole, Mavin, Sharon, 2021-09-14 This timely *Handbook of Research Methods on Gender and Management* exemplifies the multiplicity of gender and management research and provides effective guidance for putting methods into practice

**Sex after Fascism** Dagmar Herzog, 2007-02-11 What is the relationship between sexual and other kinds of politics Few societies have posed this puzzle as urgently or as disturbingly as Nazi Germany What exactly were Nazism's sexual politics Were they repressive for everyone or were some individuals and groups given sexual license while others were persecuted tormented and killed How do we make sense of the evolution of postwar interpretations of Nazism's sexual politics What do we make of the fact that scholars from the 1960s to the present have routinely asserted that the Third Reich was sex hostile In response to these and other questions *Sex after Fascism* fundamentally reconceives central topics in twentieth century German history Among other things it changes the way we understand the immense popular appeal of the Nazi regime and the nature of antisemitism the role of Christianity in the consolidation of postfascist conservatism in the West the countercultural rebellions of the 1960s 1970s as well as the negotiations between government and citizenry under East German communism Beginning with a new interpretation of the Third Reich's sexual politics and ending with the revisions of Germany's past

facilitated by communism's collapse Sex after Fascism examines the intimately intertwined histories of capitalism and communism pleasure and state policies religious renewal and secularizing trends A history of sexual attitudes and practices in twentieth century Germany investigating such issues as contraception pornography and theories of sexual orientation Sex after Fascism also demonstrates how Germans made sexuality a key site for managing the memory and legacies of Nazism and the Holocaust

*Revisiting the Yorkshire Ripper Murders* Louise Wattis, 2018-12-28 Between 1975 and 1980 Peter Sutcliffe who became known as the Yorkshire Ripper murdered 13 women in the North of England The murders provoked widespread fear amongst women and impacted the public consciousness at both the local and national level This book revisits the case applying a feminist and cultural criminological lens to explore a range of criminological concerns relating to gender violence and victimhood Combining research findings from oral history interviews analysis of popular criminological texts and academic commentary this volume explores what the case can tell us about feminism fear of crime gender and serial murder and the representation of victims and sex workers The volume contributes to a creative cultural criminology highlighting how excavating recent criminal history and reading across texts presents new ways for understanding violence gender and representation in the contemporary context

**Medieval Venuses and Cupids** Theresa Tinkle, 1996-06-01 *Medieval Venuses and Cupids* analyses the transformations of the love deities in later Middle English Chaucerian poetry academic Latin discourses on classical myth including astrology natural philosophy and commentaries on classical Roman literature and French conventions that associate Venus and Cupid with Ovidian arts of love Whereas existing studies of Venus and Cupid contend that they always and everywhere represent two loves good and evil the author argues that medieval discourses actually promulgate diverse multiple and often contradictory meanings for the deities The book establishes the range of meanings bestowed on the deities through the later Middle Ages and draws on feminist and cultural theories to offer new models for interpreting both academic Latin discourses and vernacular poetry

**Jewish Identity in Western Pop Culture** J. Stratton, 2008-06-09 This book looks at the post Holocaust experience with emphasis on aspects of its impact on popular culture

*Laurence Sterne in Modernism and Postmodernism* David Pierce, Peter Jan de Voogd, 1996 *Laurence Sterne's Tristram Shandy* is the most wayward and in some respects the most powerful critique of Locke's theory of knowledge while his interest in the gulf between biological and clock time makes him a contemporary of Proust and Bergson In obscuring the fine line between autobiography and fiction Sterne belongs to the generation of modern writers that includes Joyce and Nabokov In his deliberate refusal to construct a go-ahead plot Sterne commends himself to contemporary narratologists In his concern with personal identity he anticipates the Derridean stress on trace In his promiscuous borrowings from past authors he offers himself as a suitably perverse model for the school of postmodern theory In his attention to matters of typography and to a visual language he provides a running commentary on almost every aspect of the relationship between word and image Himself influenced by Rabelais Montaigne Cervantes and Burton Sterne has influenced

writers as diverse as Cabrera Infante, Kundera, Marquez, Rushdie and Beckett. And James Joyce. These influences are traced here by sixteen scholars from Europe and the USA. Proof if any were needed that Laurence Sterne today is as rewardingly puzzling as he was in his own century.

**Blind Reflections** Kristie A. Foell, 1994. In the first full length analysis of gender in *Die Blendung* Auto da Fe, Kristie Foell argues that Nobel prize winner Elias Canetti's novel depends on deep seated misogynies for its narrative impact. Foell asks not only how the novel represents women but also how it presents the male protagonist's evolving view of women, how the novel comments on his views and how Canetti has addressed issues of gender and representation in his other writings. Foell probes the extent of the novel's dependence on early twentieth century Viennese gender theory, particularly that of Otto Weininger, known for such acerbic statements as 'Woman is man's fault'. Karl Kraus and Sigmund Freud also figure in the novel's psychology of misogyny, prostitution and murder lust. The study concludes by investigating the relative weight of paranoia, homosexuality, misogyny and Canetti's crowd theory in Peter Kien's final self immolation. *Journal of the History of Sexuality*, 2002.

**Harper's**, 1992. **Their Stories, Our Stories** Rose Kam, 1995. From Eve, Woman of the Dawn and Sarah, Princess of the Promise to Mary Magdalene, Apostle to the Apostles, the women of the Bible struggled with the inequalities of a patriarchal world. *Their Stories, Our Stories* offers insight and inspiration to women who refuse to be driven from our spiritual homes.

**Antifeminism and Family Terrorism** Rhonda Hammer, 2002. Rhonda Hammer's *Antifeminism and Family Terrorism* presents original and provocative critical feminist perspectives on violence against women and children. Hammer provides a clear and insightful analysis of the current rhetoric produced by antifeminists who would deny the seriousness of the problem and thus undercut important feminist concerns. Dr Hammer documents the tragic dimensions of the brutalization of women and children in the family and the larger problem of the increasing poverty and oppression of women and children in the global economy.

Sinister Wisdom, 1991. **Violence as Obscenity** Kevin W. Saunders, 1996. This timely and accessible volume takes a fresh approach to a question of increasing public concern: whether or not the federal government should regulate media violence. In *Violence as Obscenity* Kevin W. Saunders boldly calls into question the assumption that violent material is protected by the First Amendment. Citing a recognized exception to the First Amendment that allows for the regulation of obscene material, he seeks to expand the definition of obscenity to include explicit and offensive depictions of violence. Saunders examines the public debate on media violence, the arguments of professional and public interest groups urging governmental action, and the media and the ACLU's desire for self regulation. Citing research that links violence in the media to actual violence, Saunders argues that a present danger to public safety may be reduced by invoking the existing law on obscenity. Reviewing the justifications of that law, he finds that not only is the legal history relied on by the Supreme Court inadequate to distinguish violence from sex, but also many of the justifications apply more forcefully to instances of violence than to sexually explicit material that has been ruled obscene. Saunders also examines the actions that Congress, states and municipalities have taken to regulate media violence as

well as the legal limitations imposed on such regulations by the First Amendment protections given to speech and the press. In discussing the current operation of the obscenity exception and confronting the issue of censorship, he advocates adapting to the regulation of violent material the doctrine of variable obscenity which applies a different standard for material aimed at youth and the doctrine of indecency which allows for federal regulation of broadcast material. Cogently and passionately argued, *Violence as Obscenity* will attract scholars of American constitutional law and mass communication and general readers moved by current debates about media violence regulation and censorship.

**Transforming a Rape Culture**  
Emilie Buchwald, Pamela Fletcher, Pamela R. Fletcher, Martha Roth, 1993. *Transforming a Rape Culture* has provided a new understanding of sexual violence and its origins in this culture. This groundbreaking work seeks nothing less than fundamental cultural change: the transformation of basic attitudes about power, gender, race, and sexuality.

**Sexual Abuse in Christian Homes and Churches**  
Carolyn Holderread Heggen, 1993. What sets this book apart from the many others on the topic is the emphasis on how a church congregation can begin to work to heal the wounds of sexual abuse and prevent further abuses from happening. Church members often must at the same time offer love, understanding, and healing to survivors while confronting and still loving the perpetrator.

*Trivia*, 1995      **Feminist Studies**, 1991
