*Worship Beyond Nationalism* Rob Hewell,2012-02-01 The church in the United States faces a dilemma How is it possible for Christ s followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith When nationalism

propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend Such resulting civil religious activity is likely to create dissonance for Christ s followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid Worship Beyond Nationalism explores faithful worship as a political act by which Christians declare their allegiance to God in Christ rather than to worldly empires enabling congregations to enact the reality of God s kingdom and embody the gospel for the glory of God and for the sake of the world      **Report of the Minister of**
