Minnesota Twins Press Radio Tv Guide:

The American League in Transition, 1965-1975 Paul Hensler, 2012-12-18 In the years following the decline of the New York Yankees dynasty that ended in 1964 three American League teams endeavored to stake their claim to the Junior Circuit's crown From 1965 to 1975 the Minnesota Twins Baltimore Orioles and Oakland Athletics emerged as the most significant AL clubs but this trio achieved varying degrees of success Through the prism of these three teams this book examines facets of their dynastic aspirations the way in which key personnel were assembled into a cohesive roster the glory that was won by the clubs and the factors leading to their decline Drawing on a rich variety of primary and secondary sources the story is told of vital players from Latin America who made their way to Minnesota the select few who ventured from the Orioles training facility in Thomasville Georgia to Baltimore and the collegiate stars selected in the early years of the newly created amateur draft who went on to help forge a winning combination in Oakland *The New Boys of Summer* Paul Hensler, 2017-10-06 The 1960s were among the most compelling years in the history of the United States from the intensifying clamor for civil rights to the tragic incidents of assassination and war Caught up in this sea of restlessness was major league baseball and the manner in which baseball addressed the challenges of this decade would have a lasting impact on the game In *The New Boys of Summer Baseball's Radical Transformation in the Late Sixties* Paul Hensler looks at the key issues confronting baseball during this tumultuous time Hensler carefully examines how domestic racial issues the war in Vietnam assassinations of prominent public figures youthful rebellion and drug use each placed their imprint on the game just as baseball was about to celebrate its centennial season The expansion of both the American and National leagues is also covered in depth as are the new divisional alignments and major rule changes that were implemented in 1969 Other factors impacting the national pastime include the appointment of Bowie Kuhn as commissioner the rising influence of Marvin Miller as the director of the players association the construction of modern stadiums and the rapid developments in information technology An earlier generation of players was venerated as the Boys of Summer and indeed they continue to hold their rightful place in baseball's legend and lore but in the late 1960s a fresh cast of characters made their own mark as transformations in the game brought baseball into the new modern era Baseball historians and fans alike will be entertained and informed by this fresh look at the national pastime in the decade of discontent *TV Guide*, 2002 **Cataloging Bulletin** Hennepin County Library.
