The Official History of Criminal Justice in England and Wales Paul Rock, 2019-04-30 Volume II of *The Official History of Criminal Justice in England and Wales* traces for the first time the genesis and early evolution of two principal institutions in the criminal justice system the Crown Court and the Crown Prosecution Service This volume examines the origins and shaping of two critical institutions the Crown Court which rose from the ashes of the Courts of Assize and Quarter Sessions and the Crown Prosecution Service which replaced a rather haphazard system of police prosecuting solicitors The 1971 Courts Act and the 1985 Prosecution of Offences Act were to reconfigure the architecture of criminal justice transforming the procedures by which people were charged prosecuted and in the weightier cases demanding a judge and jury tried in the criminal courts of England and Wales One stemmed from a crisis in a medieval system of travelling justices that tried people in the wrong places and for inadequate lengths of time The other was precipitated by a scandal in which three men were wrongly convicted for the murder of a bisexual prostitute Theirs is an as yet untold history that can be explored in depth because it is recent enough in the words of Harold Wilson to have been written while the official records could still be supplemented by reference to the personal recollections of the public men who were involved This book will be of much interest to students of criminology and British history politics and law

When States Take Rights Back Émilien Fargues, Elke Winter, Matthew J Gibney, 2020-06-09 *When States Take Rights Back* draws on contributions by international experts in history law political science and sociology offering a rare interdisciplinary and comparative examination of citizenship revocation in five countries revealing hidden government rationales and unintended consequences Once considered outdated citizenship revocation also called deprivation or denationalization has come back to the political center in many Western liberal states Contributors scrutinize the positions of stakeholders e g civil servants representatives of civil society judges supranational institutions and their diverse rationales for citizenship revocation e g allegations of terrorism treason espionage criminal behaviour and fraud in the naturalisation process The volume also uncovers the variety of tools that national governments have at their disposition to change existing citizenship revocation laws and policies and the constraints that they are faced with to actually implement citizenship revocation in daily operations Finally contributors underscore the extraordinary severity of sanctions implied by citizenship revocation and offer a nuanced picture of the material and symbolic forms of exclusion not only for those whose citizenship is withdrawn but also for minority groups wrongly associated with the aforementioned allegations Indeed revocation policies target not merely individuals but specific collective categories which tend to be ethno racially constructed and attributed specific location within the international status hierarchy of nation states International and interdisciplinary in scope *When States Take*
