Miracles And The Modern Religious Imagination:

Miracles and the Modern Religious Imagination Robert Bruce Mullin, 1996-09-01 This book inquires into the controversies over miracles that have fascinated Christians from the Reformation to the twentieth century. Focusing on the period from 1860 to 1930, Robert Bruce Mullin explores the ways preachers, faith healers, psychic researchers, scientists, historians, philosophers, and writers have grappled with issues of the miraculous. He shows how transforming attitudes toward miracles have changed the Anglo-American religious landscape. Fascinating. An in-depth study of how the notion of the miraculous has evolved in the modern age. Publishers Weekly. In this thoughtful, wide-ranging study, Robert Bruce Mullin examines the changing fate of belief in the miraculous. A well-crafted study that no serious student of the age or the issue should fail to engage. Daniel L. Pals, *Church History*. This is an extremely important and well-written study and contributes in significant ways to reshaping the discussion of religion in the North Atlantic world in the Gilded Age. Mark S. Massa, *Catholic Historical Review*. Mullin's work is remarkably intelligent. An excellent book. Andrew Greeley, *History of Religions*. How and why the notion of a limited age of miracles lost its commanding place in religious discourse is one of the main themes of Mullin's superbly researched and finely nuanced study. An innovative intellectual history of high caliber. James H. Moorhead, *Theology Today*. Mullin has managed to spin an impressively thorough account of his subject in such a way that breathes new life into familiar ideas, figures, and developments while introducing not a few unfamiliar ones and freshly illuminates their ongoing importance in twentieth-century versions of the miracle debate. R. Marie Griffith, *Journal of the American Academy of Religion*.

Bizarre Bioethics H. ten Have, 2022-03 Bizarre bioethics. The establishment of bioethics. Ghosts, Monsters, Pilgrims, Prophets, Relics. Critical bioethics. **Revivalists** Kevin Kee, 2009-07-15 The history of religious change has been largely devoted to study of the churches. Revivalists focuses on evangelists singling out several significant entrepreneurs: Hugh Crossley and John Hunter active from 1880 to 1910; Oswald J. Smith who built his independent Toronto church into a popular evangelistic emporium; Frank Buchman and the Oxford Group who appealed to the upper classes in the 1930s; and Charles Templeton who enjoyed two careers as a revivalist. Kee shows that by adjusting their methods to the cultural forms of the day, these evangelists contributed to the vitality of Canadian Protestantism.

The Book of Miracles Kenneth L. Woodward, 2001-07-10 Woodward offers an intellectually rich look at the five great religions' foundational miracles and those of the later sages and saints.

"And O'er Earth's Troubled, Angry Sea": The History of Christian Science in the United States Rolf Swensen, 2025-05-21 Christian Science is one of the most unique and controversial of American religions, but there has never been a history of this influential metaphysical group best known for its healing through prayer. Most attention has previously focused on the church's founder, Mary Baker Eddy (1821-1910). This compilation of nine previously published scholarly articles buttressed by additional insight presented in the preface, introduction, and conclusion should lead to further investigation of this compelling topic. This volume investigates the origins of the Christian Science movement.

illustrates how Eddy's students mainly women helped its rapid spread through healings how Eddy guided and restrained her students examines some denominational growing pains underscores how The Mother Church in Boston and Eddy's Church Manual evolved recounts dozens of testimonies of healing and shows how local or branch churches operated before and after Eddy's passing Contrary to previous assumptions the new Christian religion was surprisingly diverse with almost one half of the membership coming from the lower middle and working classes This vibrant church ultimately declined due to excessive centralization and insufficient utilization of the membership plus lack of social activities and the rise of medical science Recent efforts to revitalize the movement through embracing communities are continuing And Over Earth's Troubled Angry Sea The History of Christian Science in the United States will appeal to Christian Scientists kindred spirits in the metaphysical world anyone interested in religion and those who read social history Each chapter is suitable for group discussions and for undergraduate or graduate classes

Religious Art in the Nineteenth Century in Europe and America

Thomas Buser,2002 **Women and Miracle Stories** Anne-Marie Korte,2001 This book contains a multidisciplinary collection of studies on women in miracle stories found in texts ranging from religious classics to contemporary literary fiction Miracle stories are a genre of great importance for the study of women's religious inheritance and for the historical and cultural understanding of women as makers of faith Miracle stories are very generally speaking more open to popular religion and

culture than for instance doctrinal and official ecclesiastical texts and as such they can be of special interest to the study of women's lives and religious aspirations. Remarkably up till now this genre has not been looked at from this point of view. This book aims to open this field for further research by presenting case studies from diverse angles and disciplines. Some of the questions this book tries to answer are: What do miracle stories specifically tell us about women? Are there some types of miracles that are in particular related to certain groups of women? What do these stories tell us about women as performers and/or subjects of miracles? What can be said about the social function and religious meaning of miracles by specifically looking at the way certain groups of women are practising and experiencing miracles? By including research on miracle stories in contemporary fiction written by women this book also wants to acknowledge and research the disputed status of miracles as well of women in our present society which is moving from modernity to post modernity. *The Rise of Modern Religious Ideas* Arthur Cushman McGiffert, 1915 **Contemporary Fiction and Christianity** Andrew Tate, 2008

Religious Convictions Shawn Francis Peters, 2007 **Current Contents** Institute for Scientific Information (Philadelphia), 1999 **Progressive Christianity** William A. Vrooman, 1926 **Sanctity and secularity during the modernist period** Lawrence F. Barmann, 1999 Edition bilingue anglais français *Anglican and Episcopal History*, 1998 Includes section Book reviews **Modern Doubt and Christian Belief** Theodor Christlieb, 1874 Outlines of a Philosophy of Religion Based on Psychology and History Auguste Sabatier, 1902 **The Beginnings of Christianity** Jack Pastor, Menahem Mor, 2005 The 22 articles in this volume were presented at an international research conference on various aspects of the beginnings of Christianity conducted at the University of Tel Aviv and at Yad Izhak Ben Zvi in Jerusalem. The articles by prominent scholars in the field in the USA, Europe and Israel discuss subjects in methodology, emergent Christianity, Christian Messianology and its Jewish background, the relationship between early Christianity and Jewish society, Jewish law in the background of Christianity, the place of Judea in early Christian theory and practice and the schism between early Christianity and Judaism.
